Charleston, TN 37310-0248

Dear Mr. Richards:

SITE CLEANUP PROGAM: 425 TENNANT AVENUE, MORGAN HILL. RESPONSE TO OLIN'S PHASE EIGHT TERMINATION OF REPLACEMENT WATER AND REVISED MONITORING FREQUENCIES REQUEST

This letter responds to Olin's April 18, 2007 requests for our concurrence to terminate replacement water service (i.e., bottled water) and revise monitoring frequencies for 16 wells. Olin's requests are made pursuant to State Water Resources Control Board (State Water Board) Order WQ 2005-0007 and our letter dated October 6, 2006 "SLIC: 425 Tennant Ave, Morgan Hill; Termination of Replacement Water and Post Monitoring Requirements."

On April 18, 2007, Olin provided Central Coast Water Board staff with the eighth phase of analytical results (16 wells) that Olin determined to meet the State Water Board criteria for termination of bottled water service. After a thorough review and evaluation of all the analytical data and laboratory quality assurance/quality control (QA/QC) data associated with the phase eight wells, we concur that the State Water Board criteria have been met for all 16 wells in phase eight.

On April 18, 2007, Olin submitted revised monitoring frequencies for all phase eight wells, as required by our October 6, 2006 letter. Based on our review of the proposed monitoring frequencies and the available perchlorate concentration data provided up to and including February 14, 2007, we concur with all the proposed revised monitoring frequencies for all 16 wells.

For all future requests for changes in post-bottled water monitoring frequencies, please continue to submit your request in writing and provide an electronic version of Olin's Microsoft EXCEL tables with all relevant well information. In addition, please provide the date that bottled water was terminated for each well, the result of the Mann-Kendall

trend analysis, and whether the well is within 500 feet of a well that has perchlorate concentrations greater than 6.0 micrograms per liter.

We appreciate your continued cooperation on this matter and if you have any questions, please contact **Thea Tryon at (805) 542-4776**, Hector Hernandez at (805) 542-4641 or Harvey Packard at (805) 542-4639.

Sincerely,

Roger W. Briggs
Executive Officer
