Los Angeles Regional Water Quality Control Board

February 5, 2015

Mr. Richard M. Mathews

Dear Mr. Mathews:

RESPONSE TO COMMENTS AND REVISED TENTATIVE WASTE DISCHARGE REQUIREMENTS - THE BOEING COMPANY, SANTA SUSANA FIELD LABORATORY, CANOGA PARK, CA, NPDES NO. CA0001309, CI NO, 6027

Our letter dated December 3, 2014, transmitted the tentative Order for renewal of the permit to discharge wastes under the National Pollutant Discharge Elimination System (NPDES). January 9, 2015, was the deadline for comments on the proposed Order. On that day the Regional Water Board staff (staff) received comments (they have been posted on our web site) via emails. Comments submitted after the comment submittal deadline are not included. Attached hereto is a Response to Comments Table, and a revised tentative Order. The modifications are noted with inserts denoted with underlining and deletions with strike through. This letter, the Response to Comments Table, and a revised tentative Order are also posted on our web site at:
http://www.waterboards.ca.gov/losangeles/board_decisions/tentative_orders/individual/npdes/Boeing_Santa_Susana_Field_Lab/index.shtml

In accordance with administrative procedures, this Regional Board will conduct a public hearing on the enclosed revised tentative order and comments submitted in writing regarding any and all portions thereof at the Board Hearing scheduled for February 12, 2015, at Metropolitan Water District of Southern California Board Room, 700 North Alameda Street, Los Angeles, California. The Board will hear any testimony pertinent to the discharge and the revised-tentative requirements. It is expected that the Board will take action at the hearing; however, as testimony indicates, the Board, at its discretion, may order further investigation.

If you have any questions, please contact me at (213) 576-6750 or Mazhar Ali at (213) 576-6652.

Sincerely,

Cassandra D. Owens
