Re: **County of Santa Clara v. Myers Industries, Inc., et al.**
USDC-ND Action No. C92 20246 JW (PVT); and

The State of California v. BKHN, Inc. and The County of Santa Clara, No. C-92 20251 JW (PVT) (consolidated)

Dear Mr. Krakaur:

This will confirm representations previously made to you by counsel to Sun Company, Inc. (Sun), John J. Verber, in the above-referenced matters. Please be advised that Sun (or certain of its subsidiaries) not Oryx Energy Company, is responsible for the liabilities, if any, of the Cordero Mining Company, a former Nevada corporation, at the Almaden Quicksilver County Park. Please note that this representation is for purposes of allocating liability, if any, as between Sun and Oryx, and does not constitute an admission of liability by Sun.

This will confirm that you intend to take appropriate steps to amend the cross-claims to name Sun as a cross-defendant and dismiss Oryx. Additionally, this will confirm that you will not take the default of Oryx, in the event you are unable to amend the pleadings prior to the date its response is due.

If you have any questions concerning this matter, please do not hesitate to contact me at (215) 977-3758 or John Verber at 510-835-6666 to discuss the matter further.

Very truly yours,

Robert W. Williams
