Hi Mayumi -

In response to the two issues raised in your email below:

1) The Golder document you asked about was prepared on April 29, 2014.
2) We maintain that in camera review is appropriate and that public posting is not necessary, warranted or appropriate given the confidential nature of the financial information at issue.

Thank you, Marc

Subject: RE: Response to Subpoena

Hi Marc,
Two things with respect to the submittal. I had one follow-up question regarding Document Category #6, the document titled "Table 5." It appears to be a document created by Golder, but there isn't really a lot of context beyond that. Can you tell me the approximate date of the Table?

Secondly, we do want to submit as part of our Evidence submittal this Friday documents from Categories 1, 2, 4, and 6. However, I recognize that all of the documents have all been initially marked as "Corporate Financial Records/Corporate Proprietary Information." It is unclear to me whether all of the documents should be withheld from disclosure and submission into the record under Government Code 6254.15, which is the section I believe the notation on the subpoena responses refers to. So conservatively, before we submit any of the documents as part of our Evidence submittal on Friday, I'd like to obtain guidance and/or a ruling from the Advisory Team on how this information should be treated either; 1) whether the selected documents from these

categories can be included in the public record for this matter or 2) whether the selected documents can and/or should be submitted for *in camera* review by the Advisory Team and Board members only.

I plan to send that request over to the Advisory Team later today.

Let me know if you have questions. I'm working remotely in the regions so email is the best way to get a hold of me until Wednesday.

Thanks.

-Mayumi
