**STAFF REPORT**

ITEM: 6

SUBJECT: Rescission of Waste Discharge Requirements, Order No. R8-2006-0081

DISCUSSION:

Waste discharge requirements for the facilities/entities listed in Attachment "A" of Order No. R8-2006-0081 are no longer necessary because the discharge has ceased or the entity is now regulated under a different general permit. Most of the entities identified in Attachment "A" are currently regulated under the Regional Board's Order No. 2002-0014, General Waste Discharge Requirements for Sewer Collection Agencies in Orange County within the Santa Ana Region. The State Water Board recently adopted General Waste Discharge Requirements for Sanitary Sewer Systems (Order No. 2006-0003-DWQ, which specifies requirements generally comparable to those in the Regional Board's Order. As a matter of statewide consistency, it is appropriate to rescind Order No. 2002-0014 and to enroll the listed entities in the State Board's General Permit.

RECOMMENDATION:

Adopt Order No. R8-2006-0081, as presented.

In addition to the dischargers listed in Attachment "A", comments were solicited from the following agencies:
