Hi, Jeff,

Regarding your question about International Smelting and Walker agreements, unfortunately, the database isn't much for finesse, so specific documents won't be retrieved in a typical search. If it doesn't turn up with a search of the author field, a researcher would need to review all of the Walker Mine project results to find something that specific; we're not really equipped for that type of search, but what I can do is have our student assistant look through what's already retrieved to see if any of those agreement dates pop up.

I've had a chance to review the 2218 file, and here is how the breakdown of subfiles looks:

2218.01—mining contracts/leases for Spokane, WA area
2218.02—summary of legal case, Colusa-Parrot Mining and Smelting v. Anaconda
2218.03—deed/lease for Tonopah Placers Co., in what appears to be Summit County, CO
2218.04—lease between Northern Pacific Railway Company and Anaconda, mines in King County, WA
2218.05—agreements between M.A. Hanna Co. and International Smelting Co. re: Glacier Peak Mining and Smelting Co. and Maude Pattison claims, Snohomish County, WA
2218.06—Coal leases, Cherokee County, KS

It doesn't appear to contain anything relevant, but as always, if you see something of interest, please let me know.

Best,
Rachael

Subject: Walker Mine - Anaconda Documents Collection

Good morning Rachael,

Following up on our interest in operating agreements or loan agreements between International Smelting and Refining Company and Walker Mining Company. It has been brought to our attention that there may have been several of these agreements. The information we have suggests the following:

1. Agreement between International Smelting and Refining Company and Plumas Mining Company, dated August 12, 1916.
2. Agreement between International Smelting and Refining Company and Plumas Mining

Company, dated June 30, 1917.

3. Agreement between International Smelting and Refining Company and John Cowan dated August 12, 1916.

I can't seem to find anything in the database pertaining to these documents, other than a 1915 Cowan documents listed as 16304.1, which we have already requested.

Have you run across anything like the documents listed above? If not is there another way to search for them?

Thank you,

Jeff S. Huggins
