Good morning Rachael,

Thank you for the file transfers on 18 October 2013, they have been very helpful. We would like to have you scan for us the following files:

16201.02 (345 pages); **please do this one 1st.**
16201.01 (250 pages)
16202.02 (300 pages)

Incidentally, your Invoice # 11940 for **$508.00** was submitted for payment on 14 October 2013.

Regards,

Jeff S. Huggins

Hi, Jeff,

Thanks for your edited list—very helpful.

We went ahead and did some copy counts to give you an idea of the amount of material that you'll be dealing with:

16201.02—345
16202.01—250
16202.02—300
16205.01—650
16206.01—415
16301.01—160
16302.01—220

We can definitely talk further, too, if that would give you a more concrete idea of what you'd like to request for copying.
We ran into one snag with file 302; the numbers in the database did not match the numbers of the subfiles. 302 contains subfiles .01-.03, with no sign of .04-.08. The summary that my student assistant provided, unbeknownst to me, came directly from the database. What we've done is to scan the material from 1941 that appears to have been what you were after and we've scanned it; I will send it along with the other files. If it turns out to not be what you want, there will be no charge for these pages. I do apologize for the mistake—let me know if you have further questions about this file, or any of the other files. The maps didn't have any information on the title block about who prepared them, but I can provide you with further descriptions if needed.

The total for the files (not including material from 302) comes to $205 for 205 pages. I'll wait to send the invoice until I hear back from you regarding the material from 302, but I'll go ahead and send the materials through WeTransfer.

As always, please feel free to contact me if you have any questions.

Best wishes,
Rachael

Good morning Rachael,

Thank you for the inventory of the files. I removed a number of items and added a column in which we ask about the number of documents so we don't overwhelm you with copying and ourselves with documents that may be redundant.

For the documents in which we say "copy and send" if you could make those a priority, we would be grateful. For the documents in which we ask "how many" it may be easier to have a quick phone call so that we can make a better decision on what we want.

Many thanks,

Jeff S. Huggins
Water Resources Control Engineer

Hi Jeff,

We went ahead and created a brief inventory of the items in the files that you requested. Let me know if you need more detail, or if you'd like copies of any of these items.

Thanks!
Rachael

Hi Jeff,

We can take a look at the files from earlier, and this list, too.

We'll have an answer for you as soon as we can.

Best,
Rachael

Hello again Rachael,

I would like to add a couple of more items to my list from earlier this morning. Could you please also review the files listed below and give us a brief summary of the contents?

File 16201_2
File 16304_10
File 16304_12
File 16304_13

Thank you,
