Attention: Doug King

CITATION #01_75_17C_003_4500230_23 FOR AIRPORT COMMERCIAL PLAZA WATER SYSTEM NO. 4500230 APRIL 2017 FAILURE TO MONITOR FOR BACTERIOLOGICAL WATER QUALITY

The Airport Commercial Plaza Water System is classified as a non-transient/non-community water system which is required to collect one routine sample per month for coliform bacteria as prescribed under Sections 64423 and 64424 of Title 22, California Code of Regulations (Title 22). During the month of April in 2017, Airport Commercial Plaza Water System did not submit a copy of a laboratory analysis to this office for review by May, 10, 2017, or did not collect its routine bacteriological water sample from the distribution system. Therefore, this Citation is being issued to the Airport Commercial Plaza Water System for violating the bacteriological monitoring and reporting requirements for the month of April 2017.

The Airport Commercial Plaza Water System owner is hereby directed to take the following actions:

1. As required under Section 64463.7 of Title 22, provide public notification to customers within one year of this notice of violation. Enclosure 'A' is a format you may use to fulfill the above public notification requirements. If you wish to propose any change to this notification, please contact our office.

2. Provide two types of public notification: 1) Posting in conspicuous locations throughout the area served by the water system; and 2) mail or hand deliver copies to each water user.

3. Complete and return Enclosure 'B' "Certification of Completion of Public Notification" form within 10 days of giving public notice.

4. The Airport Commercial Plaza Water System representatives shall comply with Section 64423, Title 22, CCR, in all future monitoring periods.

Failure to comply with the directives of this citation may result in further enforcement action with the possibility of administrative penalties.

Note that Section 116577 of the California Safe Drinking Water Act provides for the Shasta County Environmental Health Division to be reimbursed by the public water system for costs incurred for preparing and issuing public notifications to that system. In accordance with Section 116577, the water system will be billed for the preparation and issuance of this letter and notification. Approximately one 1/2-hour was spent preparing this letter and notification, and currently our costs are approximately $66.58 per hour. You shall submit a check in the amount of $33.29 to SCEHD.

Please contact me at 530/225-5787, Monday through Friday, between 8:00 and 8:30 a.m. should you have any questions or concerns.

Sincerely,

Christy Gilbreath
