John Muller - Chair
S.F. Bay Regional Water Board
1515 Clay St., Suite 1400
Oakland, CA 94612

Mr. Muller -

I am writing to discuss the trash situation in the S.F. Bay. The current clean-up level which has been proposed by the Board, 100 pieces of trash for every 100 feet in a trash "hot spot." is unacceptable. Trash destroys recreation, impacts water quality, and kills marine wildlife. Our precious Bay deserves a higher level of protection. Lets go for Zero trash!

Sincerely -
