RECEIVED
DIVISION OF
WATER QUALITY

To The

Members of the Regional Board. My name is Joanna Mendoza. I live in the community of Cutler. Thank you for giving me the opportunity to be able to give my comments of the Waiver. What I say and other communities is that we diserve to have clean water. It is not an option that we should or should not have clean water. Schools and everywhere the water has DBCP. I and others tell you to give us clean water!!!
