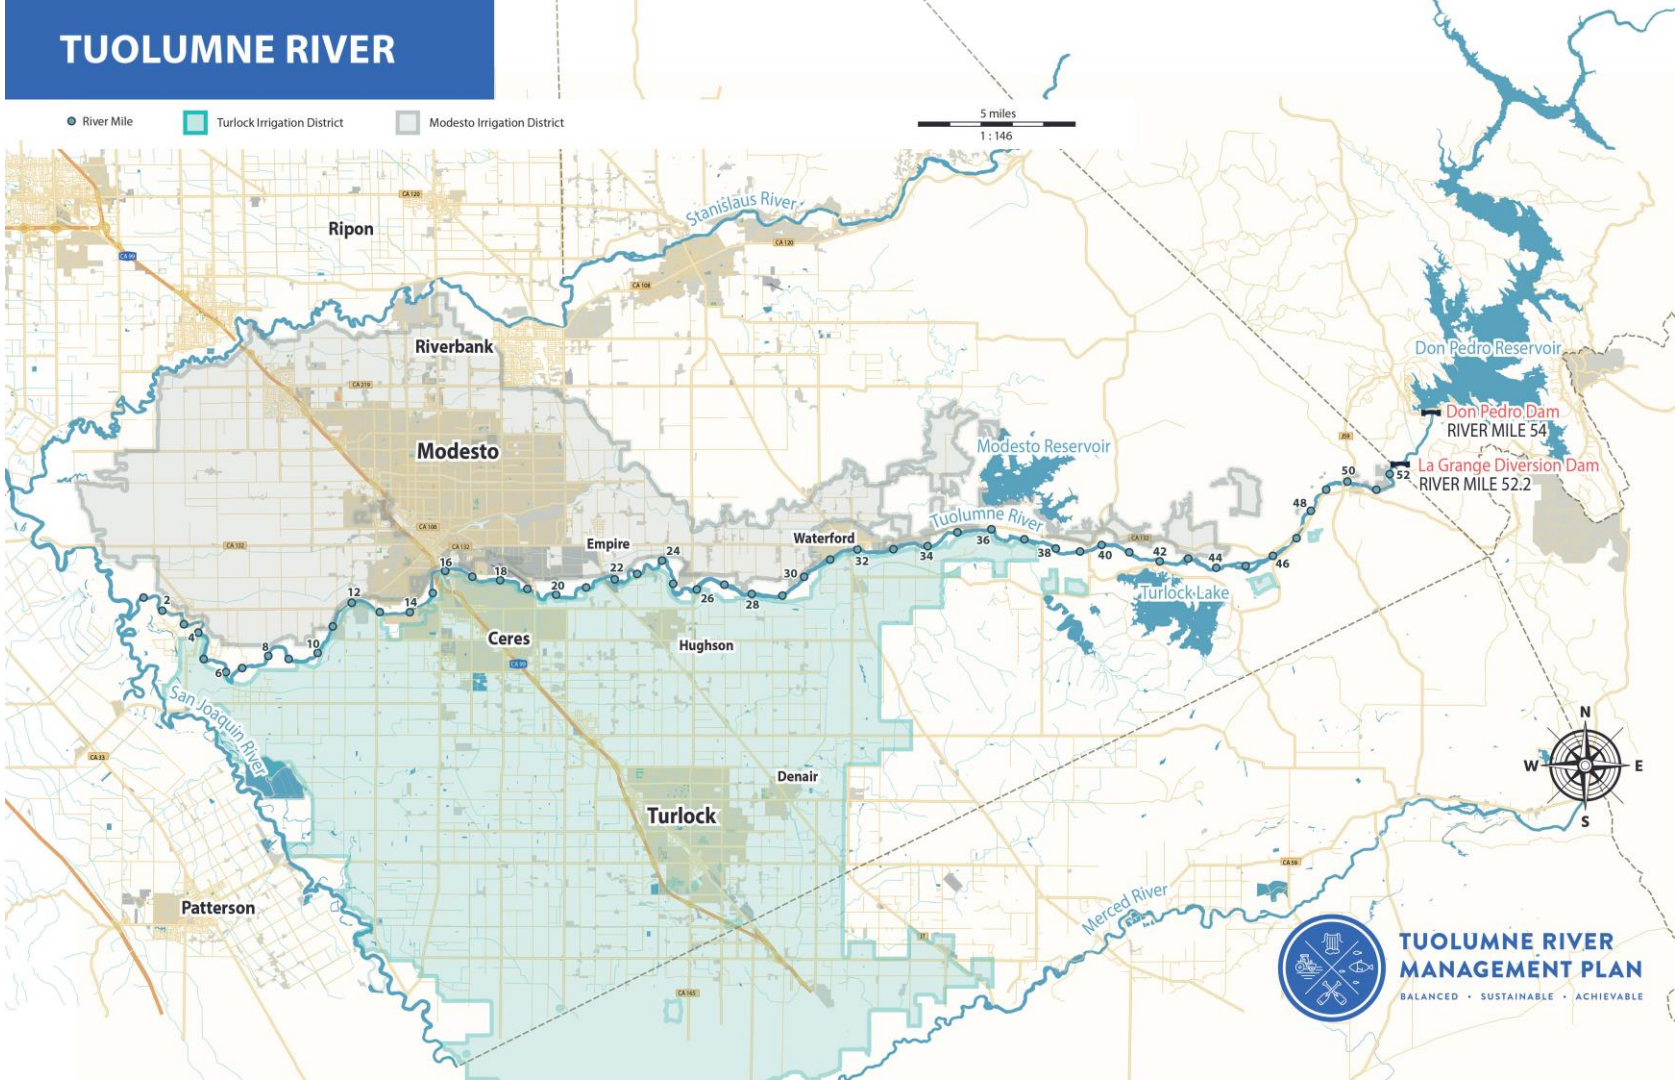
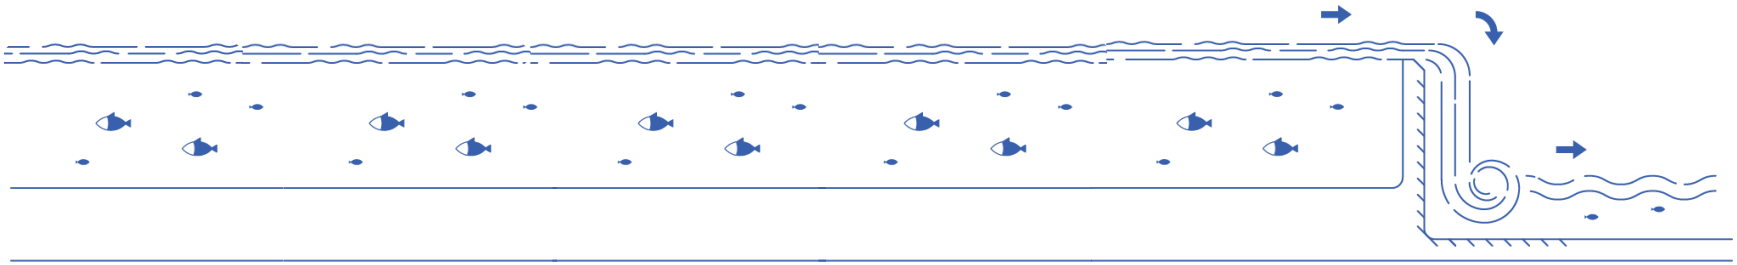
TUOLUMNE RIVER MANAGEMENT PLAN

BALANCED • SUSTAINABLE • ACHIEVABLE

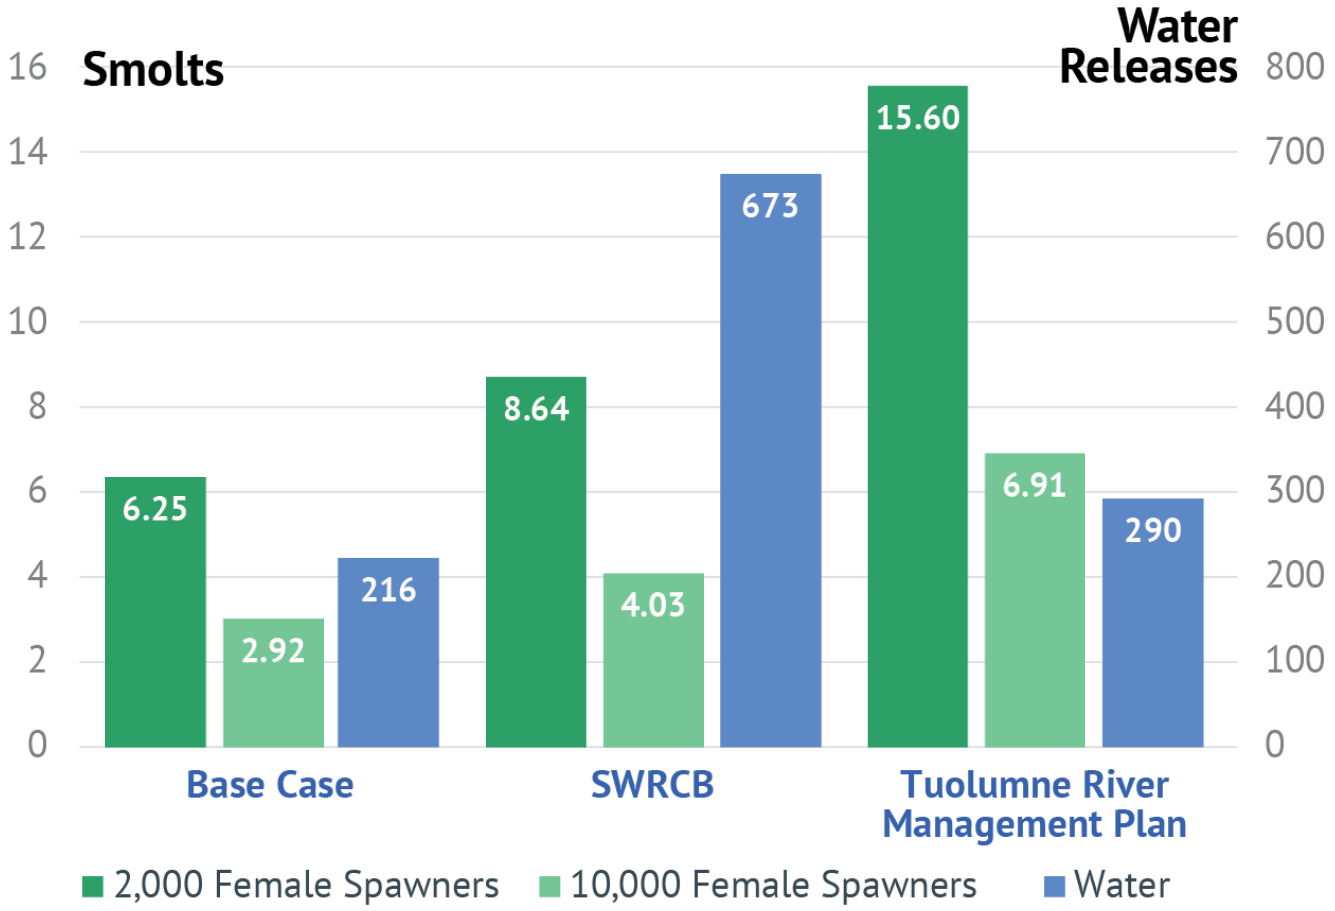
TUOLUMNE RIVER



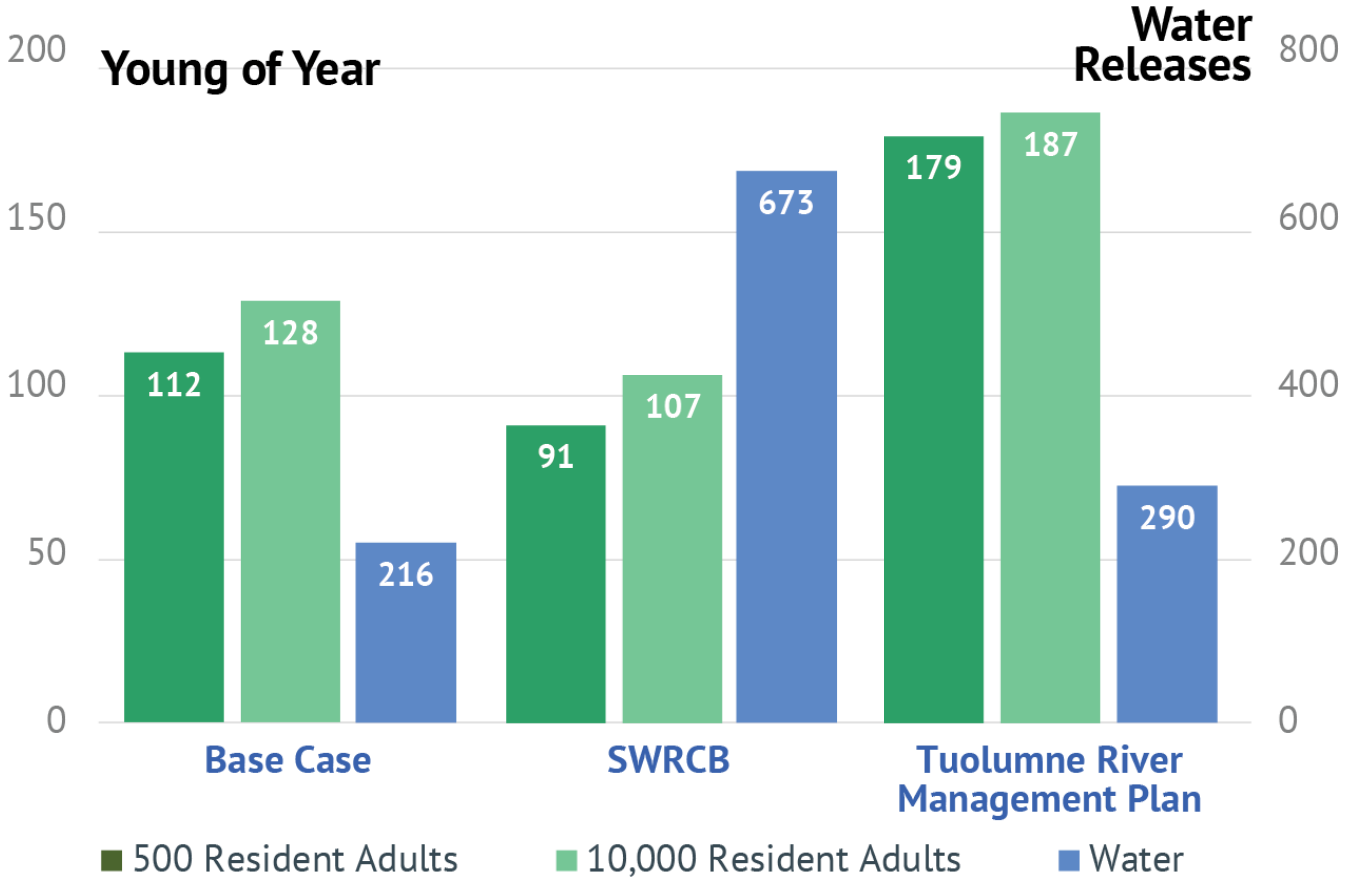
- ✓ Increased Environmental Flows
- ✓ Habitat Enhancements
- ✓ Predation Management



Fall Run Chinook Salmon Smolt Production



O.Mykiss (Rainbow Trout) Young of Year Fish Production



The plan achieves the co-equal goals of protecting and improving the natural resources of the lower Tuolumne River and protecting while sustaining the water supplies to communities that rely upon the Don Pedro Project.
