Project Applicant	Monterey County Public Works – Enrique Saaverdra
Applicant's Agent	Denise Duffy and Associates, Inc. – Josh Harwayne
Project Name	Garrapatos Valley Road Emergency Repair
Receiving Water	Garrapata Creek
City/County	Unincorporated / Monterey
Public Notice	April 25, 2018 – May 16, 2018
Project Description	The purpose of this project is to perform emergency repairs along Garrapatos Road due to large storm events in 2017 that caused high flows and debris build up. The project activities include: • Armoring the slope of the embankment with 44 cubic yards of rip-rap; • Removing soil and remnants of the wooden retaining wall from the side of the embankment; • Placing gabion rock near the top of the slope to dissipate water draining off the road area and down the slope; • Using Class II base rock to re-surface the section of the road within the project site; and • Implementing erosion and sediment control measures including covering the slopes with plastic material during construction. No mitigation proposed. Monterey County filed a Categorical Exemption.
