SUBJECT: NOTICE OF VIOLATION - NO FURTHER ACTION REQUIRED; UNDERGROUND STORAGE TANK SYSTEMS AT CITY OF SANTA CRUZ WASTEWATER TREATMENT PLANT, 110 CALIFORNIA STREET, SANTA CRUZ

Dear Mr. Sanders:

As part of an initiative by the State Water Resources Control Board (State Water Board) to ensure compliance at government-owned and/or operated underground storage tank (UST) facilities in California, the State Water Board staff inspected the USTs at your facility on April 11, 2018, pursuant to authority under Health and Safety Code (H&SC), chapter 6.7, section 25289.

The State Water Board has identified the following violations pursuant to H&SC, chapter 6.7, and California Code of Regulations (CCR), title 23, chapter 16:

No.	Violation	Tank	Start Date	Stop Date	Regulation
1	**Failure to Maintain Tank Information Form –** The tank information in CERS lists the piping system as safe suction; however, it should list gravity.	Used Oil	4/11/18	4/11/18	23 CCR 2711(a)
2	**Failure to Maintain Financial Responsibility –** The Certification of Financial Responsibility did not list all funding mechanisms.	All	4/11/18	4/11/18	H&SC 25292.2; 23 CCR 2711(a)(11)

To our knowledge, the violations above have been corrected. Therefore, no further action is required at this time. The State Water Board reserves the right to bring an action against the owner and/or operator of the tanks in violation, or it may recommend that Santa Cruz County Environmental Health pursue enforcement, or Santa Cruz County Environmental Health may elect to pursue enforcement independently.

If you have any questions, please contact me at (916) 341-5551, or by email at amantha.henkel@waterboards.ca.gov.

Sincerely,

Amantha Henkel
Senior Environmental Scientist
