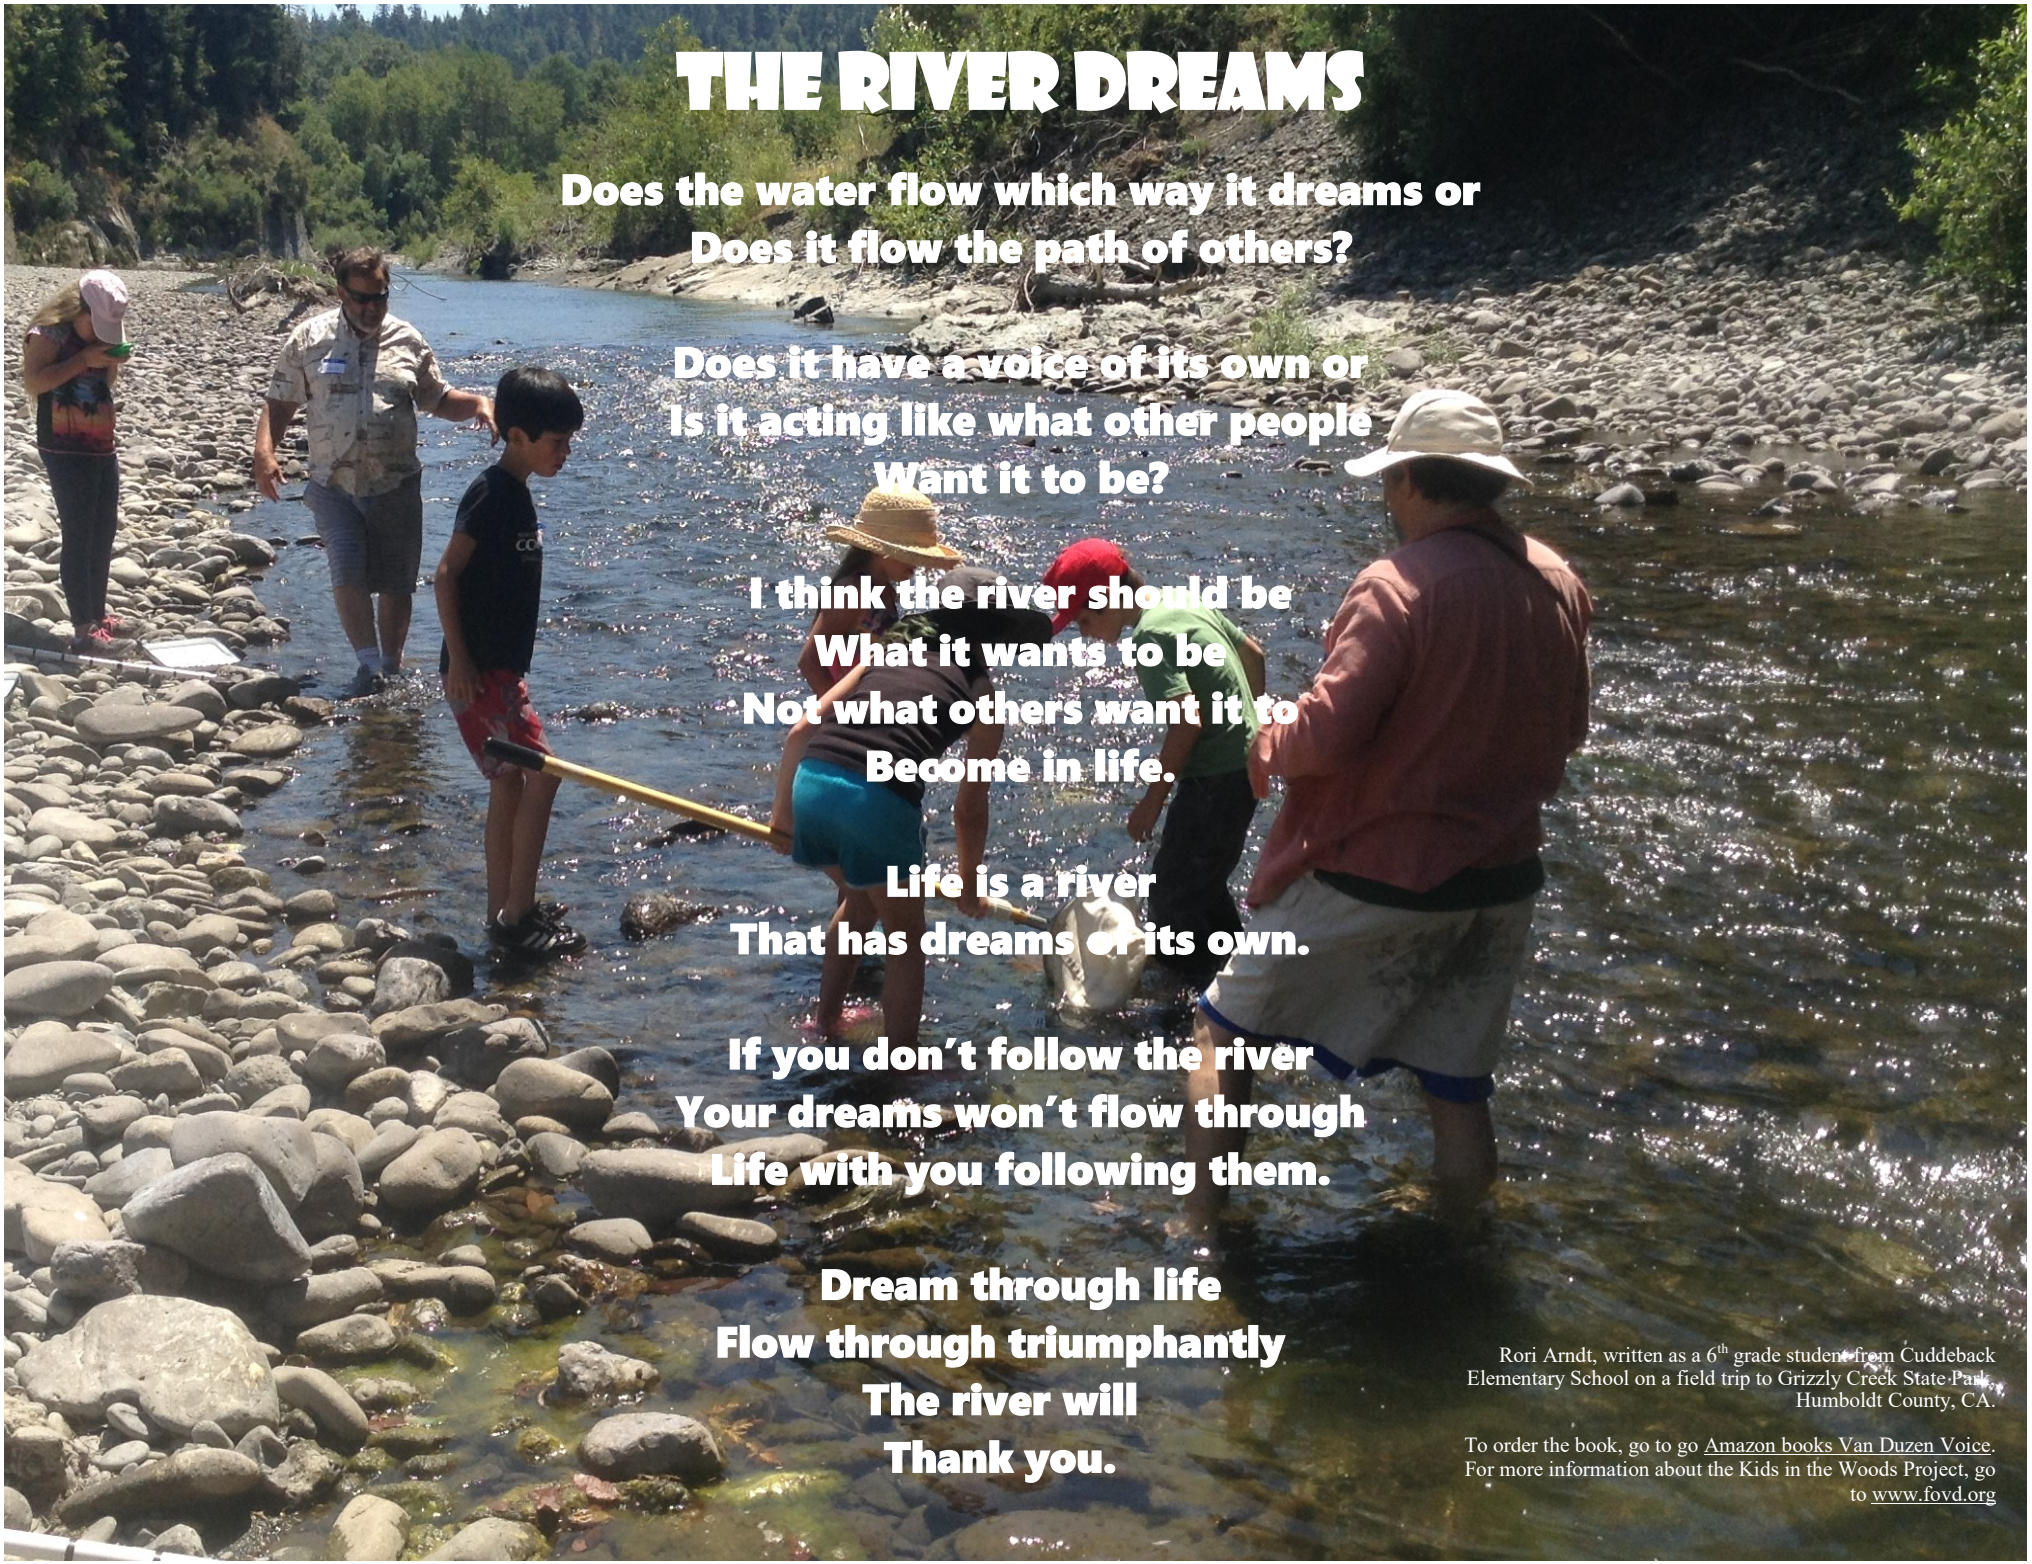
Welcome to the SWAMP Field Methods Course!

This course is your training resource for SWAMP Field Methods. To proceed to a section, click on a menu item to the left and then select the desired topic.



THE RIVER DREAMS

Does the water flow which way it dreams or
Does it flow the path of others?

Does it have a voice of its own or
Is it acting like what other people
Want it to be?

I think the river should be
What it wants to be
Not what others want it to
Become in life.

Life is a river
That has dreams of its own.

If you don't follow the river
Your dreams won't flow through
Life with you following them.

Dream through life
Flow through triumphantly
The river will
Thank you.

Rori Arndt, written as a 6th grade student from Cuddeback Elementary School on a field trip to Grizzly Creek State Park, Humboldt County, CA.
