# NOTICE OF PUBLIC WORKSHOP AND AGENDA

## Development of Model Groundwater Monitoring Criteria in Areas of Oil and Gas Production

Monday August 25, 2014  
9:30 a.m. – 6:00 p.m.

Los Angeles County Board of Supervisors' Chambers  
Room 383B  
500 West Temple Street  
Los Angeles, CA 90012

**NOTICE IS HEREBY GIVEN THAT** the State Water Resources Control Board (State Water Board) will hold a public workshop to receive public comments. The meeting will be led by State Water Board staff. A quorum of State Water Board members may be in attendance; however no Board action will be taken at this meeting.

**Workshop Overview:** The State Water Board is commencing the public stakeholder process as specified in Senate Bill 4 (Pavley, statutes of 2013) to develop model groundwater monitoring criteria (model criteria) in relation to oil and gas wells subject to well stimulation treatments. The model criteria will address a range of methods from monitoring on individual wells to conducting a regional groundwater monitoring program. The purpose of this meeting is to gather stakeholder and public perspectives, ideas, and concerns regarding the potential effects of oil and gas related activities on groundwater quality in order to develop the model criteria.
