## State Water Resources Control Board

### NOTICE OF TEMPORARY URGENCY CHANGE PETITION FOR PERMITS 5633, 9390, AND 18546 (APPLICATIONS 9892, 14278, AND 26242) OF MARIN MUNICIPAL WATER DISTRICT

On September 10, 2021, Marin Municipal Water District (District) filed a temporary urgency change petition (TUCP) with the State Water Resources Control Board (State Water Board), Division of Water Rights (Division) requesting approval of temporary changes to water right Permits 5633, 9390, and 18546 (Applications 9892, 14278, and 26242) pursuant to California Water Code section 1435. The TUCP was submitted to address the current severe drought conditions and historically low storage levels in the District's reservoirs. With the TUCP, the District seeks authorization to temporarily modify streamflow schedules included in State Water Board Order 95-17 that were incorporated into the District's Permits 5633, 9390, and 18546. The District determined it was necessary to file the TUCP to conserve water supplies for fish, wildlife, and municipal uses within the District for water year 2021-22.

Pursuant to Water Code section 1438, subdivision (d), any interested person may file an objection to the temporary changes. Objections filed in response to this notice should be submitted to the persons listed below and must be received by the Division by 4:30 p.m. on **September 30, 2021**. All objections to the TUCP submitted during the noticing period will be considered by the State Water Board.
