

State Water Resources Control Board

Potential 2024 Temporary Transfers

The State Water Resources Control Board received notice that the following water rights may participate in a temporary transfer in 2024. These potential transfers have been posted online pursuant to Water Code section 1727. Interested parties may follow the instructions below to request notice of petitions and to identify potential concerns to the water right owners considering temporary transfers. Each potential transfer is identified by 1) permit or license number, 2) type of transfer, 3) water right owner, and 4) an email address that may be used to contact the water right owner.

If you would like to be included as an interested person for one or more of the proposed transfer(s) and receive notice(s) of the petition(s) directly, please send an email request with “Temporary Transfer Interested Person” in the Subject line to WaterRightPetitions@waterboards.ca.gov no later than **March 1, 2024**, with the following information included in the email:

1. An email address to be used as your point of contact,
2. The permit(s) or license(s) for which you may request notice of a petition for temporary transfer, and
3. The concerns you may raise in comments on the petition related to effects on other legal users, fish, wildlife, instream beneficial uses, or groundwater conditions.

You may submit one email to identify interest in multiple potential transfers. Your email should identify which concerns apply to which permit(s) or license(s).

The State Water Board shall forward the email contact information of interested parties and their concerns to the applicable water right owner. The water right owner may consider the concerns in their preparation of a complete petition or contact you via email to discuss potential concerns.

If you have any questions, please contact WaterRightPetitions@waterboards.ca.gov.
