AGENDA

Items on this Agenda are numbered for identification purposes only.

1. Overview of Needs Assessment
2. 2023 Public Water System Risk Assessment results
3. Risk Assessment results for State Small Water Systems and Domestic Wells
4. 2023 Affordability Assessment Results
5. Public Feedback

BACKGROUND

The State Water Board is implementing the Safe and Affordable Funding for Equity and Resilience (SAFER) Drinking Water Program with a set of tools, funding sources, and regulatory authorities designed to ensure that the approximately one million Californians who currently lack safe drinking water receive safe and affordable drinking water as soon as possible.

The SAFER Program is responsible for conducting an annual Needs Assessment, which consists of three components: (1) Affordability Assessment, (2) Risk Assessment, and (3) Cost Assessment. Results of the Needs Assessment are used to inform the prioritization of projects in the annual Fund Expenditure Plan for the Safe and Affordable Drinking Water Fund.

The State Water Board's Needs Analysis Unit in the Division of Drinking Water leads the implementation of the Needs Assessment in coordination with the Division of Water Quality (DWQ) and Division of Financial Assistance (DFA).

FUTURE NOTICES

The State Water Board will hold the public webinar at the time and place noted above. Any change in the date, time, or place of the webinar will be noticed through the SAFER e-mail distribution list. Any person interested in receiving future notices, including any changes to this notice of public webinars, must sign up for the e-mail distribution list using the [subscription form](#) select the box for 'SAFER Drinking Water' (located within the section entitled 'General Interests'), and provide the required information.
