Subject: Settlement Offer R9-2024-0057 Related to Violations of Order No. R9-2015-0013, NPDES No. CAG919003 for County of San Diego, Live Oak Park Road Bridge Replacement, Fallbrook, CA 92123, Discharge to Live Oak Creek

Dear Jeff Moneda:

The County of San Diego (Permittee) is hereby notified of alleged violations of Order No. R9-2015-0013, NPDES No. CAG919003, *General Waste Discharge Requirements for Groundwater Extraction Discharges to Surface Waters within the San Diego Region* (General Order), and of the opportunity to participate in an expedited settlement process to address liability that may be assessed pursuant to California Water Code (Water Code) section 13385.

ALLEGED VIOLATIONS SUBJECT TO THIS OFFER

As detailed in the attached *Notice of Violation(s) of Order R9-2015-0013, NPDES No. CAG919003, Subject to Mandatory Minimum Penalties, County of San Diego, Live Oak Park Road Bridge Replacement, Fallbrook, CA 92123, Discharge to Live Oak Creek* (Exhibit A), the California Regional Water Quality Control Board, San Diego Region (San Diego Water Board) alleges that the Permittee has violated the General Order. Exhibit A is incorporated into and made part of this Settlement Offer by reference.

STATUTORY LIABILITY

The Permittee is subject to the following statutory liabilities:

1. Water Code section 13385(h)(1) requires the assessment of a \$3,000 mandatory minimum penalty for each serious violation.¹

¹ "Serious violation", as defined by Water Code sections 13385(h)(2) and 13385.1, respectively. Waste discharge exceeds the effluent limitation for a Group I pollutant by 40% or more, or a Group II pollutant by 20% or more. Also, a failure to file a discharge monitoring report pursuant to Water Code section 13383 for each complete period of 30 days following the deadline for submitting the report, if the report is designed to ensure compliance with limitations contained in waste discharge requirements that contains effluent limitations. Each serious violation is a mandatory minimum penalty violation.

2. Water Code section 13385(i) requires the assessment of a \$3,000 mandatory minimum penalty for each chronic violation.²
3. Water Code section 13385(c) allows for discretionary administrative civil liability of up to \$10,000 for each day in which the violations occur, and \$10 for each gallon discharged but not cleaned up in excess of 1,000 gallons; and
4. Water Code section 13385(e) allows for the reimbursement of staff costs.

These mandatory minimum penalties and discretionary administrative civil liabilities may be assessed by the San Diego Water Board beginning with the date on which the violations first occurred.

The formal enforcement action that the San Diego Water Board uses to assess such liability is an Administrative Civil Liability (ACL) complaint, followed by a public hearing on the matter, although the San Diego Water Board may instead refer such matters to the Attorney General's Office for prosecution. If referred to the Attorney General's Office for prosecution, the Superior Court may assess up to \$25,000 for each day in which the violations occur, and \$25 for each gallon discharged but not cleaned up in excess of 1,000 gallons.

SETTLEMENT OFFER

The Permittee can avoid a formal enforcement action and settle the alleged violations by accepting the San Diego Water Board's ACL Settlement Offer, as detailed herein. The Permittee may accept this Settlement Offer, waive its right to a hearing, and pay the mandatory minimum penalty of **\$18,000** for the alleged violations identified in Exhibit A. If the Permittee accepts this Settlement Offer, the San Diego Water Board, or its delegate, will execute the Settlement Offer, subject to the conditions below. Accordingly, the San Diego Water Board will forego issuance of an administrative civil liability complaint, will not refer the violations to the Attorney General's Office, will not charge incurred staff costs, and will waive its right to seek additional discretionary civil liabilities for the violations identified in Exhibit A.

The Expedited Payment Program does not address or resolve liability for any violation that is not specifically identified in Exhibit A regardless of the date that the violation occurred.

OPTIONS FOR RESPONSE TO OFFER

1. If the Permittee accepts this Settlement Offer, the Permittee shall complete and return the attached *Acceptance of Conditional Resolution and Waiver of Right to Hearing for Settlement Offer R9-2024-0057, County of San Diego, Live Oak Park Road Bridge Replacement, Fallbrook, CA 92123, Discharge to the Live Oak Creek* (Acceptance and Waiver, Exhibit B) on or before 5 p.m. on May 15, 2024.

² "Chronic violation" as defined by Water Code section 13385(i). To be counted as a chronic violation, there must be three preceding violations (serious or non-serious) within a 180-day period. The fourth and any subsequent non-serious violation that occurs within the 180-day period is an mandatory minimum penalty violation.

- a. In lieu of paying all of the mandatory minimum penalty to the State Water Pollution Cleanup and Abatement Account, the Permittee may elect to apply up to \$16,500 of the penalty to fund a supplemental environmental project (SEP). The remaining penalty must be paid to the State Water Pollution Cleanup and Abatement Account. One SEP option is available to the Permittee in this settlement: a SEP that supplements the Stormwater Monitoring Coalition Regional Monitoring Program (SMCRMP), which is administered by the Southern California Coastal Water Research Project (SCCWRP). This SEP must supplement SMCRMP work that would not otherwise be funded by the SMCRMP's existing workplan(s). The [SMCRMP](#)³ collects data annually on water quality, physical habitat and riparian conditions, and biological communities from streams in 17 coastal watersheds to answer questions such as "What is the extent and magnitude of impact in Southern California's streams?" and "How is this changing over time?" No funds allocated to the SEP will go to the Water Boards, and the Permittee's obligation to complete the SEP is released upon proof of payment to SCCWRP.
- b. If the Permittee does not choose to fund a SEP, they must pay the total mandatory minimum penalty amount to the State Water Pollution Cleanup and Abatement Account.

Both options are represented in the enclosed Acceptance and Waiver.

2. If the Permittee chooses to contest the violations alleged in Exhibit A, the Permittee shall submit a written response that identifies the specific violations and details the basis for the challenge (factual error, affirmative defense, etc.) to the San Diego Water Board on or before 5 p.m. on May 15, 2024. The San Diego Water Board will evaluate the contested violations and take one of two actions:
 - a. If the San Diego Water Board determines the violations are not supported, it will expunge the alleged violations, take no further action against the Permittee for the alleged violations, and notify the Permittee in writing of that determination; or
 - b. If the San Diego Water Board determines the alleged violations are meritorious, it will notify the Permittee of that determination. The Permittee will be given 30 days from the date of receipt of the San Diego Water Board determination to either accept the Settlement Offer by completing and returning the Acceptance and Waiver to the San Diego Water Board, or to reject the Settlement Offer.
3. If the Permittee does not respond to or rejects this Settlement Offer, the San Diego Water Board will initiate a formal enforcement action to resolve the alleged violations. In a formal enforcement action, the liability amount sought and/or imposed may exceed the liability amount set forth in this Settlement Offer.

Moreover, the staff costs of investigating the violations and proceeding with a formal enforcement action are factors that will be considered in assessing the liability amount.

CONDITIONS FOR SAN DIEGO WATER BOARD ACCEPTANCE OF RESOLUTION

Pursuant to title 40 of the Code of Federal Regulations, section 123.27(d)(2)(iii), the San Diego Water Board is required to publish and allow the public 30 days to comment on any settlement of an enforcement action addressing alleged violations of National Pollutant Discharge Elimination System (NPDES) permit conditions. Upon receipt of the Permittee's Acceptance and Waiver, the San Diego Water Board will publish a notice of the proposed resolution of the violations.

If no comments are received within the 30-day comment period, and unless there are new material facts that become available to the San Diego Water Board, the San Diego Water Board, or its delegate, will execute the Acceptance and Waiver as a stipulated order assessing the uncontested mandatory minimum penalty amount pursuant to Water Code section 13385(h) and/or (i).

If, however, significant comments are received in opposition to the settlement, this Settlement Offer may be withdrawn. In that case, the Permittee's waiver pursuant to the Acceptance and Waiver will also be treated as withdrawn, and the violation(s) will be addressed in a liability assessment proceeding before the San Diego Water Board, or its delegate. At the liability assessment hearing, the Permittee will be free to make arguments as to the alleged violations, and the Permittee's agreement to accept this Settlement Offer will not in any way be binding or used as evidence against the Permittee. The Permittee will be provided with further information in advance of the liability assessment proceeding.

In the event the Acceptance and Waiver is executed by the San Diego Water Board, or its delegate, full payment of the assessed amount shall be due within 30 calendar days of the San Diego Water Board's, or its delegate's, execution. Failure to pay the full liability within the required time period may subject the Permittee to further liability.

ACCEPTANCE OF CONDITIONAL RESOLUTION AND WAIVER OF RIGHT TO HEARING FOR SETTLEMENT OFFER R9-2024-0057, COUNTY OF SAN DIEGO, LIVE OAK PARK ROAD BRIDGE REPLACEMENT, FALLBROOK, CA 92123 DISCHARGE TO LIVE OAK CREEK

By signing below and returning this *Acceptance of Conditional Resolution and Waiver of Right to Hearing* (Acceptance and Waiver) to the California Regional Water Quality Control Board, San Diego Region (San Diego Water Board), the County of San Diego (Permittee) hereby accepts the *Offer to Participate in the Expedited Payment Program* and waives the right to a hearing before the San Diego Water Board to dispute the alleged violations identified in Exhibit A of the Settlement Offer, which is attached hereto and incorporated herein by reference.

The Permittee agrees that the Settlement Offer shall serve as a complaint pursuant to Article 2.5 of the Water Code and that no separate complaint is required for the San Diego Water Board to assert jurisdiction over the alleged violations through its Chief Prosecutor. The Permittee agrees to pay the penalties required by Water Code section 13385(h) and/or (i), in the sum of **\$18,000** (Penalty Amount), which shall be deemed payment in full of any civil liability pursuant to Water Code section 13385 that otherwise might be assessed for the violations identified in the Settlement Offer. The Permittee understands that this Acceptance and Waiver waives the Permittee's right to contest the allegations in the Settlement Offer and the amount of civil liability for such violation.

The Permittee understands that this Acceptance and Waiver does not address or resolve liability for any violation that is not specifically identified in the Settlement Offer.

Upon execution by the Permittee, the completed Acceptance and Waiver shall be submitted by email to SanDiego@waterboards.ca.gov, attention 872417:JChhor or by mail to the following address:

California Regional Water Quality Control Board, San Diego Region
2375 Northside Drive, Suite 100
San Diego, CA 92108-2700
ATTN: 872417:JChhor

The Permittee understands that federal regulations set forth at title 40 of the Code of Federal Regulations, section 123.27(d)(2)(iii), require the San Diego Water Board to publish notice of and provide at least 30 days for public comment on any proposed resolution of an enforcement action addressing National Pollutant Discharge Elimination System (NPDES) permit violations. Accordingly, this Acceptance and Waiver, prior to execution by the San Diego Water Board, or its delegate, will be published as required by law for public comment.

During the public comment period, if no comments are received that cause the San Diego Water Board, or its delegate, to question the Settlement Offer, the San Diego Water Board, or its delegate, will execute the Acceptance and Waiver.

The Permittee understands that if significant comments are received in opposition to the Settlement Offer, the offer may be withdrawn. In that circumstance, the Permittee will be advised of the withdrawal and an administrative civil liability complaint may be issued and the matter may be set for a hearing before the San Diego Water Board. For such a

liability hearing, the Permittee understands that this Acceptance and Waiver executed by the Permittee will be treated as a settlement communication and will not be used as evidence in that hearing.

The Permittee further understands that, in lieu of full payment of the assessed mandatory minimum penalty to the State Water Pollution Cleanup and Abatement Account, all or a portion of the penalty payment may be made by the Permittee toward a supplemental environment project (SEP). The SEP option available to the Permittee is the Stormwater Monitoring Coalition Regional Monitoring Program (SMCRMP) SEP Fund, which supplements SMCRMP studies that would not otherwise be conducted through the SMCRMP's existing cost allocations.

The Permittee further understands that once the Acceptance and Waiver is executed by the San Diego Water Board or its delegate, full payment is due no later than 30 days after the date of execution, as a condition of this Acceptance and Waiver. The Permittee shall pay the assessed civil liability to the State Water Pollution Cleanup and Abatement Account and/or the Southern California Coastal Water Research Project (SCCWRP, for the SMCRMP SEP Fund) in accordance with the payment option selected below.

The Permittee agrees to pay the amounts indicated below to the State Water Pollution Cleanup and Abatement Account and, if the applicable payment option is selected, the SMCRMP SEP Fund, in accordance with the Payment Instructions below. The Permittee understands that the San Diego Water Board will consider the Permittee to have fulfilled its SEP obligation when SCCWRP receives the Permittee's contribution to the SEP Fund.
