RE: Application for Water Quality Certification for Dutra Haystack Asphalt Plant  
Project, Sonoma County - CIWQS Place ID 767268, Corps File No. 28104N

Dear Mr. Fernandez:

The City of Petaluma joins the comments on the Dutra Haystack Landing Asphalt Plant Project application for water quality certification submitted to the San Francisco Bay Region of the California Regional Water Quality Control Board on January 15, 2016, by Michael Lozeau on behalf of the Petaluma River Council, Friends of Shollenberger Park, Moms for Clean Air, Petaluma Tomorrow and their members.

When we spoke on the phone today I explained that the City of Petaluma had intended to join Mr. Lozeau's objections submitted on behalf of his clients concerning the Dutra Asphalt Plant Project, but that we were unable to do so this past Friday because the City offices are closed on Fridays. You kindly indicated you would accept a letter from the City today joining Mr. Lozeau's letter. Thank you for permitting the City of Petaluma to place into the record the City's continued opposition to placement of the Dutra Asphalt Plant Project and its negative wetland water quality and other environmental impacts next to Shollenberger Park at the southern gateway to Petaluma.

Thank you and please let us know if you have any questions.

Very Truly Yours,

CITY OF PETALUMA

Eric W. Danly  
City Attorney
