

State Water Resources Control Board

May 31, 2022

To all parties on the service list for the AHO hearing on Garberville Sanitary District's water-right change petitions:

The March 28, 2022 Notice of Transmittal of Proposed Order stated that the Administrative Hearings Office ("AHO") would ask the State Water Board to consider adopting the proposed order that was enclosed with that notice during the Board's June 7, 2022 meeting.

This letter is to advise you that the AHO has decided instead to ask the State Water Board to consider this proposed order during the Board's June 21 meeting.

The AHO will send parties to this hearing copies of the agenda of the June 21, 2022 Board meeting after the Clerk of the Board posts it, which normally is 10 days before the meeting. The agenda will specify the deadline for submitting written comments on the proposed order and the process for appearing at the Board meeting to make oral comments.
