Jeanine Townsend, Clerk to the Board
State Water Resources Control Board
1001 I Street, 24th Floor
Sacramento, CA 95814-0100

Dear Water Resources Board:

We are writing to express our *support* of your plan to increase the amount of water in the Merced, Stanislaus and Tuolumne Rivers from February till June each year. We support protecting water quality in the rivers and Delta, as well as making conditions better for fish survival.

It seems like a good compromise to let agriculture and industry use more than half of all available water in those five months and even more during the rest of the year. All the water all the time would not satisfy all their uninhibited needs.

Sincerely,

Virginia Hunt
Larry M. Hunt
