NOAA – National Marine Fisheries Service
501 West Ocean Blvd., Suite 4200
Long Beach, CA 90802

EDUCATION:

Bachelor of Science – Fisheries (1989)
California State University, Humboldt

Certificate – Environmental Resource Management (2001)
California State University, Bakersfield

CERTIFICATION:

Certified Fisheries Professional – American Fisheries Society

PROFESSIONAL EXPERIENCE:

NOAA – National Marine Fisheries Service
Fisheries Biologist
May 2008 – Present
May 1999 – September 2001

- Conduct informal and formal ESA Section 7 consultations regarding endangered Southern California steelhead.
- Manage post-consultation implementation and reporting requirements for on-going actions, including the U.S. Bureau of Reclamation’s Cachuma Project.
- Coordinate with non-Federal entities under ESA Section 10 to avoid, minimize or mitigate adverse effects to endangered Southern California steelhead, including effects of large-scale water diversion facilities.

USDI – Bureau of Land Management
Fisheries Biologist
October 2001 – April 2008
June 1993 – April 1999

- Endangered Species Act, Section 7 consultation representative for the Burns District BLM
 - Consulted and coordinated with the U.S. Fish and Wildlife Service regarding Federal land management action effects on Lahontan cutthroat trout and Borax Lake chub.
- Clean Water Act compliance coordination with Oregon Department of Environmental Quality
 - Compiled non-point source water quality data and developed the District’s Alvord Lake Subbasin – Water Quality Restoration Plan for the designated most sensitive beneficial use, Lahontan cutthroat trout.
- Evaluated and recommended management actions in regard to State and Federal fisheries resource and aquatic habitat programs.
