To all wastewater agencies and interested individuals

## WASTEWATER USER CHARGE SURVEY REPORT FOR FISCAL YEAR 2005-06

Attached is the latest edition of the User Charge Summary prepared by this Division. 724 public agencies (cities, sanitary districts, public utility districts, community service districts, water districts, county special districts, etc.) provide some form of wastewater service to 898 service areas. The information included in this report was obtained from a questionnaire (see page No. 106) mailed to each of the above referenced public agencies that own and/or operate wastewater facilities. Information was received for 750 of the 898 service areas. In order to identify the 148 service areas for which data was not received this year and for which the data may be out of date, a two-digit number appears after their name (see Legend on Page 107).

The data are presented in a manner similar to previous reports to facilitate comparisons with prior year reports. Care should be exercised in using this report since data have been listed as reported by the agencies and little time was available to verify the reported data. User fees reported for agencies that only provide collection service may not include any charge for treatment and disposal. I added the regional treatment authority's fee when I could determine that the reported fees did not include the regional charges. Some reported user fees may represent a bi-monthly fee and not a monthly fee as stated. Some user fees include charges for repayment of debt, future capital reserves, operating reserves, etc. while others only may only fund operation, maintenance and replacement (O.M. & R.) expenses. We also identified agencies that have a variable residential user charge based on metered water consumption in lieu of a flat rate. Some agencies may utilize assessments or other sources of revenue for debt service, which should be considered when determining the total cost of providing wastewater service.

Summary values (i.e. Number, Lowest, Highest, Average and Median) were calculated from data received for fiscal years 2004-05 and 2005-06 only. It was assumed that the majority of the data received for last year's survey is still valid this year.

If you have any questions about this report, please contact the Division of Financial Assistance at (916) 341-5700 for assistance.

Sincerely,

Ronald R. Blair  
Revenue Program Specialist (retired)

### REQUEST FOR INFORMATION FROM AGENCIES RESPONSIBLE FOR COLLECTION, TRANSPORT, TREATMENT OR DISPOSAL OF WASTEWATER

Once again it's time for the annual update of sewer rates and connection (capacity) fees. Due to budgetary constraints, a decision was made to make the "Wastewater User Charge Survey Summary" for FY 2004-05 available over the internet in lieu of a mass mailing. It can be accessed at the following internet address: <http://www.swrcb.ca.gov/general/publications/docs/wastewatersurvey0405.pdf> In order to improve access to the next wastewater survey report, please indicate at the bottom of the enclosed survey report questionnaire if you can receive the summary report via e-mail (write your e-mail address in the comments field) or, if you do not have internet access, indicate by stating that you need a copy mailed to you at your agency address.

Please take time to complete the enclosed form and fax it to (916) 341-5707 or mail it to the address at the bottom of the form. Please return the attached form, if possible by the end of the year, but no later than March 1, 2006. Data submitted as late as March 31, 2006 should still make it into the report. Data received after April 1, 2005 may not get entered in time for next year's update of the "Wastewater User Charge Survey Summary".

Your agency's name, address, appropriate service area(s), and your name and phone number are preprinted on the form from last year's data. Please make corrections as necessary to the preprinted data, enter current data in the appropriate blanks on the form, and return the form.

If your agency charges residential wastewater users a variable charge based on metered water use and you know what the "average" charge is for single family homes, please enter the average charge in the appropriate blank of Question No. 5.

If you have any questions concerning this letter, the enclosed form, or wastewater user charge systems, please e-mail me at [blairrr@pacbell.net](mailto:blairrr@pacbell.net) (Note: new e-mail address) or call me at (916) 341-5642. Thank you in advance for returning the questionnaire and participating in this year's survey.

Sincerely,

Ronald R. Blair  
Sanitary Engineering Associate
