**NOTICE OF OPPORTUNITY FOR PUBLIC TO ATTEND FOCUSED MEETING 1  
for**

**The Reissuance of the Regional Municipal Separate Storm Sewer Systems Permit,  
Order R9-2013-0001, for the San Diego Region**

The California Regional Water Quality Control Board, San Diego Region (San Diego Water Board) is hosting a series of focused meetings in 2023 for the permit reissuance of the Regional Municipal Separate Storm Sewer Systems (MS4) Permit, Order No. R9-2013-0001, as amended<sup>1</sup> by Order Nos. R9-2015-0001 and R9-2015-0100 (Regional MS4 Permit). The San Diego Water Board regulates discharges from Phase I municipal separate storm sewer systems (MS4s) in the San Diego Region under the Regional MS4 Permit. The Regional MS4 Permit covers 39 municipal, county government, and special district entities (referred to jointly as Copermittees) located in San Diego County, southern Orange County, and southwestern Riverside County who own and operate large MS4s which discharge stormwater runoff and non-stormwater runoff to surface waters throughout the San Diego Region. The purpose of the focused meetings is for the San Diego Water Board to discuss proposed changes to the Regional MS4 Permit and hear preliminary input from the Copermittees and interested persons.

**Document Availability**

The current Regional MS4 Permit is available on the San Diego Water Board website at:
