
State Water Resources Control Board

NOTICE OF TRANSMITTAL OF PROPOSED ORDER

The State Water Resources Control Board
Administrative Hearings Office
held a Public Hearing on August 13, 2020
on the pending petitions of

the County of Sacramento and the Sacramento County Water Agency

to change water-right Licenses 1062 and 4060 (Applications A001061 and A014494),
which authorize diversions of water from the Sacramento River
in Sacramento County,
and related issues regarding whether these licenses should be revoked.

On March 17, 2020, the Administrative Hearings Office (“AHO”) of the State Water Resources Control Board (“State Water Board” or “Board”) issued a Notice of Public Hearing and Pre-Hearing Conference regarding the petitions filed by the County of Sacramento and the Sacramento County Water Agency (jointly referred to in that notice and this order as “Sacramento County”) to change water-right Licenses 1062 and 4060 (Applications A001061 and A014494). As stated in that notice, this hearing also considered whether the State Water Board should revoke these licenses. The applicable statutes, hearing issues and pre-hearing and hearing schedules are described in detail in the March 17 notice.

On August 13, 2021, the AHO held its public hearing on these petitions by Zoom teleconference.

The AHO released a draft proposed order for review and comments by the parties to this proceeding on January 22, 2021. Sacramento County and the Department of Water Resources submitted comments on March 1, 2021

The AHO has prepared its final proposed order and transmitted it to the Clerk of the Board. Copies of this proposed order and the AHO’s transmittal memorandum are enclosed. Also enclosed is a file that shows the changes from the January 22, 2021 draft to the enclosed proposed order. (This file just shows the changes to the text of the proposed order.
