Subject: TCR Protection Conditions Related to Cannabis Cultivation Policy Update

Hi Gita,

Thank you for contacting the San Manuel Band of Mission Indians (SMBMI) regarding the above referenced project. SMBMI appreciates the opportunity to review the project documentation, which was received by our Cultural Resources Management Department on 15 Oct 2018. The proposed updates are not of concern to SMBMI and, as such, the Tribe has no comments to provide. However, should there ever be a chance to work with the state on the entirety of the language within Requirement 21, please do let me know, as I have noted a few things. For 2 examples:

- <!--[if !supportLists]--> <!--[endif]-->Not all sensitive spaces for Tribes are within the Sacred Lands Inventory, and many Tribes have elected not to use that system due to confidentiality concerns.
- <!--[if !supportLists]--> <!--[endif]-->Tribes care a great deal about Native American resources from the contact period to the present, and not solely pre-contact resources, as is stated in the language.

Once again, should the opportunity ever arise for Tribes to review and comment upon the entirety of the language, SMBMI would be most interested in working with the state on that endeavor.

Regards,

Jessica Mauck
