

STATE WATER RESOURCES CONTROL BOARD
RESOLUTION NO. 83 - 64

ADOPTION OF FY 1984 CLEAN WATER GRANT
PROJECT PRIORITY LIST, WATER QUALITY RANKING
CRITERIA, AND MANAGEMENT STRATEGY
FOR PROJECT FUNDING IN FY 1984

WHEREAS:

1. The Division of Water Quality has proposed a FY 1984 Project Priority List based on Regional Board and public input consistent with the 1981 Amendments to the Clean Water Act.
2. The Environmental Protection Agency in accordance with 40 CFR 35.2015(e) has mandated that California revise its priority system ranking criteria to conform to the requirements of the Municipal Wastewater Treatment Construction Grant Amendments of 1981.
3. The FY 1984 Appropriation was signed by the President on July 12, 1983.
4. In addition to new awards, there is a need to provide funding for corrective action projects and critical grant increases immediately.
5. Federal regulations (40 CFR 35.1533-4) require that construction grants under Section 201(g)(1) of the Federal Water Pollution Control Act be made only to designated management agencies for construction of treatment works in conformity with approved water quality management plans.

THEREFORE BE IT RESOLVED:

1. The FY 1984 Priority List as proposed by the Division of Water Quality is adopted.
2. The use of the water quality based priority ranking criteria to rank projects on the FY 1984 List is approved.
3. The fundable portion of the FY 1984 List will include \$338 million for Priority Class A and a few Priority Class B grantees. About \$191 million in contingency projects are also placed on the fundable portion of the list. These projects will be funded should additional funds become available.
4. The Priority List management strategy to allow the corrective action projects listed in Exhibit E and key grant increases, together totaling \$100 million, to compete immediately on a "first come - first served" basis with new awards is approved.

5. In order to comply with Section 208(d) of the Federal Water Pollution Control Act, all agencies listed on the FY 1984 Priority List are hereby designated as management agencies pursuant to 40 CFR 35.1533-4 for the purpose of construction of treatment works under Section 201(g)(1) of the Act.
