

For the Attachment B to the General Exception, Special Protections for Areas of Special Biological Significance, Governing Point Source Discharges of Storm Water and Nonpoint Source Waste Discharges, change the following:

Change Section I.B.1.f. as follows:

f. At the San Clemente Island ASBS, **discharges incidental to military training and research, development, test, and evaluation operations are allowed. Discharges incidental to underwater demolition and other in-water explosions are not allowed in the two military closure areas in the vicinity of Wilson Cove and Castle Rock.** ~~the discharge of military ordinance and explosives is allowed, except in the two military closure areas in the vicinity of Wilson Cove and Castle Rock. The discharge of explosives or deposition of waste ordinance is prohibited within ASBS waters at the two military closure areas. Discharges must not result in a violation of the water quality objectives, including the protection of the marine aquatic life beneficial use, anywhere in the ASBS.~~

Change Section 1.B.1.g. as follows:

g. At the San Nicolas Island and Begg Rock ASBS, **discharges incidental to military testing of, and training with, guided missile and other weapons systems, fleet training exercises, small-scale amphibious warfare training, and special warfare training are allowed. Discharges incidental to underwater demolition and other in-water explosions are not allowed.** ~~the discharge of missiles is allowed. No other discharges of explosives or deposition of waste ordinance are allowed within ASBS waters. Discharges must not result in a violation of the water quality objectives, including the protection of the marine aquatic life beneficial use, anywhere in the ASBS.~~
