

Members of the State Water Board,

I am writing to endorse the proposal to waive all reports of waste discharge and associated enrollment fees associated with Order R5-2010-0022, Conditional Waiver of Waste Discharge Requirements for Discharges Related to Timber Harvest Activities in the Central Valley Region.

State Water Board Staff presents numerous justifications for the waiver and elimination of enrollment fees in the DRAFT Order WQ 2011-XXXX DWQ Modifying Order No. R5-2010-0022. These justifications clearly display that there will be no adverse impacts to water quality, public resources, or the public.

Sincerely,
Patrick Emmert
