RIVERSIDE COUNTY FLOOD CONTROL  
AND WATER CONSERVATION DISTRICT

September 19, 2013

Honorable Members of the State Water Resources Control Board  
Attn: Ms. Jeanine Townsend, Clerk to the Board  
State Water Resources Control Board  
1001 I Street, 24<sup>th</sup> Floor  
Sacramento, CA 95814

Dear Honorable Board Members and Ms. Townsend:            Re:    Item 8 – Consideration of a  
Proposed Resolution  
Adopting Emergency  
Regulations Revising the  
Core Regulatory Fee  
Schedules

The Riverside County Flood Control and Water Conservation District (District) serves as the Principal Permittee for three NPDES MS4 Permits issued by the Colorado River Region, San Diego Region, and Santa Ana Region Regional Water Quality Control Boards, respectively, regulating the cities and County of Riverside. These comments are being submitted for the District, County of Riverside, and the cities.

The District, County, and cities support the comments submitted by the California Stormwater Quality Association requesting a delay in the adoption of the emergency regulations revising core regulatory fee schedules so that additional evaluation of the proposed fees can be conducted.

Very truly yours,

JASON UHLEY  
Chief of Watershed Protection
