

## Major Water Board Functions

Major Water Board Functions	Org
Water quality policy, planning, and standards	--
Plans and policies	DWQ
TMDL (Total Maximum Daily Load)	DWQ
Pollution control and remediation (cleanup) strategies	--
Pollution prevention and restoration of impaired waters	--
Municipal and industrial wastewater regulation (NPDES-wastewater)	DWQ
Stormwater regulation (NPDES-stormwater)	DWQ
Dredge and fill regulation (401 certification) and wetlands protection	DWQ
Waste discharge to land regulation (WDR)	DWQ
Irrigated agricultural lands discharge regulation (ILRP)	DWQ
Land disposal regulation (WDR)	DWQ
Confined animal facilities (CAF) regulation	DWQ
Forest activities coordination and regulation	DWQ
Pollution remediation (cleanup)	--
Underground Storage Tanks (UST) site oversight	DWQ
Department of Defense (DoD) site oversight	DWQ
Contaminated site cleanup and Brownfield oversight	DWQ
Water quality monitoring and assessment	DWQ
Water use efficiency (recycling, desalination, conservation)	DWQ/DFA
Water rights	DWR
Enforcement	OE
Financial assistance	DFA

Other Acronyms:

NPDES – National Pollutant Discharge Elimination System

WDR – Waste Discharge Requirement

ILRP – Irrigated Lands Regulatory Program

**Key Issue:** Water Recycling and Integrated Water Resources Management
