Project Applicant	City of Goleta Public Works Department – Rosemarie Gaglione
Applicant's Agent	Cardno, Inc. – Rosemary Thompson
Project Name	San Jose Creek Emergency Stabilization
Receiving Water	San Jose Creek
City/County	Goleta / Santa Barbara
Public Notice	September 13, 2017 – October 4, 2017
Project Description	<p>The purpose of this project is to conduct emergency channel stabilization before the coming rainy season to avoid additional damage to the channel, channel walls, and fish passage weirs.</p> <p>The project activities include:</p> <ul style="list-style-type: none">• Excavating the area where fourteen damaged reinforcing mats are removed to a depth of 2 feet;• Placing rock slope protection fabric in the excavated area;• Placing 50-cubic yards of crushed rock over the fabric;• Placing graded ¼ ton rock riprap (ungROUTED) in the excavated area over crushed rock to minimize scour, maintaining a low-flow channel along the east bank for fish passage;• Installing a row of sheet piles between the downstream edge of the excavated area and adjacent intact reinforcing mats;• Constructing a grouted concrete joint between the sheet piles and the downstream reinforcing mats;• Installing additional soil anchors in the intact reinforcing mats just downstream of the sheet piles; and• Installing angled metal strips horizontally on the existing concrete streambed. <p>No mitigation proposed.</p> <p>City of Goleta filed a Notice of Exemption on August 21, 2017.</p>
