ORDER AMENDING CLEAN WATER ACT §401 TECHNICALLY CONDITIONED WATER QUALITY CERTIFICATION; PACIFIC GAS AND ELECTRIC COMPANY, CULBERTSON DAM SEEPAGE MITIGATION PROJECT (WDID#5A29CR00092A1), NEVADA COUNTY

This Order responds to the 22 March 2016 request for an amendment of the Culbertson Dam Seepage Mitigation Project § 401 Water Quality Certification WDID#5A29CR00092. The original Water Quality Certification (Certification) of the United States Army Corps of Engineers' Nationwide Permit #3 (Non-Reporting) was issued on 1 October 2015. The requested amendment is hereby approved. The original Certification is therefore amended as described below. Please attach this document to the original Certification.

AMENDMENT:

Pacific Gas and Electric Company is requesting to start the project 1 July instead of 25 September. The project information sheet is amended as shown in underline/strikeout format below:

Approved Months of Project Implementation: ~~25 September through 30 October~~ 1 July through 30 October

In addition, the Certification is amended to update the Central Valley Water Board contact. Since the certification certifies a Non-Reporting Nationwide Permit, no verification is needed from the United States Army Corps of Engineers.

APPLICATION FEE RECEIVED:

No fees were submitted for this amendment. Total fees of \$600.00 for the original Certification were submitted to the Central Valley Regional Water Quality Control Board as required by § 3833 (b)(3)(A) and by § 2200(a)(3) of the California Code of Regulations.

WATER QUALITY CERTIFICATION:

I hereby issue an Order amending the existing Clean Water Act, Section 401 Technically Conditioned Water Quality Certification for the Culbertson Dam Seepage Mitigation Project (WDID#5A29CR00092A1). All other conditions and provisions of the original Water Quality Certification and any previously approved amendments remain in full force and effect, except as modified based on the conditions of this Order. Failure to comply with the terms and conditions of the original Water Quality Certification, previously approved amendments, or of this Order may result in suspension or revocation of the Water Quality Certification.
