**NOTICE OF TERMINATION OF COVERAGE UNDER GENERAL WASTE DISCHARGE REQUIREMENTS FOR DISCHARGES TO LAND BY SMALL DOMESTIC WASTEWATER TREATMENT SYSTEMS; ALBERT AND ZINIA FERNANDEZ, A & Z APARTMENTS; FRESNO COUNTY (ENROLLEE NO. 97-10-DWQ-R5027)**

On 3 January 2002, the Central Valley Regional Water Quality Control Board (Central Valley Water Board) issued Albert and Zinia Fernandez (Discharger) Notice of Applicability (NOA) No. 97-10-DWQ-R5027 for coverage under 97-10-DWQ, *General Waste Discharge Requirements for Discharges to Land By Small Domestic Wastewater Treatment Systems* (General Order). The NOA authorizes the discharge of domestic wastewater from five, four-unit apartment buildings (total occupancy of 70 people) to an onsite wastewater treatment system (or OWTS) consisting of septic tanks and a seepage pit for disposal.

On 29 December 2022, Albert Fernandez submitted a request to the Central Valley Water Board that NOA 97-10-DWQ-R5027 be terminated since Fresno County determined that the OWTS was eligible for coverage under Fresno County's Local Agency Management Plan (LAMP). Central Valley Water Board staff confirmed with Fresno County staff (Dan Mather) that the OWTS can be covered under their LAMP. Therefore, it is appropriate to terminate NOA 97-10-DWQ-R5027. As of the date of this letter, the OWTS's coverage under the General Order and NOA 97-10-DWQ-R5027 is terminated.

If you have questions regarding this matter, please contact Alex Mushegan at either (559) 488-4397 or [Alexander.Mushegan@waterboards.ca.gov](mailto:Alexander.Mushegan@waterboards.ca.gov).
