**NOTIFICATION OF TERMINATION OF COVERAGE UNDER GENERAL WASTE
DISCHARGE REQUIREMENTS ORDER R5-2010-0018-01 (NPDES NO. CAG135001) FOR
THE LAKE AMADOR FISH HATCHERY, AMADOR COUNTY**

Based on information submitted in the letter from Mr. Lockhart dated 15 August 2014, the Lake Amador Fish Hatchery (Facility) is no longer in production and as of 28 May 2014, has ceased effluent discharge into Jackson Creek. Therefore, coverage for the Facility (Enrollee number R5-2010-0018-016) under the General Order for Waste Discharge Requirements for Cold Water Concentrated Aquatic Animal Production Facility Discharges to Surface Waters is no longer necessary. Except for purposes of enforcement, coverage under General Order R5-2010-0018-016 is hereby terminated as of 28 May 2014 through this letter and invoicing for permit fees will be modified accordingly.

Should site conditions change such that coverage under the General Waste Discharge Requirements Order is again necessary, you must submit a new Notice of Intent and appropriate fee.

If you have any questions regarding this notification, please contact Jim Marshall at (916) 464-4772.
