CENTRAL VALLEY REGION

COMPLAINT NO. R5-2008-0541

MANDATORY PENALTY
IN THE MATTER OF
SIERRA PACIFIC INDUSTRIES, ANDERSON DIVISION
SHASTA COUNTY

This complaint is issued to Sierra Pacific Industries, Anderson Division (hereafter Discharger) pursuant to California Water Code (CWC) section 13385, which authorizes the imposition of Administrative Civil Liability (ACL), CWC section 13323, which authorizes the Executive Officer to issue this complaint, and CWC section 7, which authorizes the delegation of the Executive Officer's authority to a deputy, in this case the Assistant Executive Officer. This complaint is based on findings that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Order No. R5-2004-0100 (NPDES No. CA0082066).

The Assistant Executive Officer of the California Regional Water Quality Control Board, Central Valley Region (Regional Water Board) finds the following:

1. The Discharger owns and operates a 150 million board foot sawmill in conjunction with a cogeneration facility northwest of the City of Anderson, in Section 9, T30N, R4W, MDB&M. Surface water drainage from the property is the Sacramento River, a water of the United States.
2. On 9 July 2004, the Regional Water Board adopted Waste Discharge Requirements Order No. R5-2004-0100 (NPDES No. CA0082066), to regulate discharges of process water and storm water runoff generated from the sawmill and cogeneration operations at the facility.
3. CWC section 13385(h) and (i) require assessment of mandatory penalties and state, in part, the following:

CWC section 13385(h)(1) states, "Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each serious violation."

CWC section 13385 (h)(2) states, "For the purposes of this section, a 'serious violation' means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more."

CWC section 13385(i)(1) states, *“Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:*

- A) *Violates a waste discharge requirement effluent limitation.*
- B) *Fails to file a report pursuant to Section 13260.*
- C) *Files an incomplete report pursuant to Section 13260.*
- D) *Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.”*

4. CWC section 13323 states, in part:

“Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.”

5. WDRs Order No. R5-2004-0100 include, in part, the following effluent limitations:

B. Effluent Limitations (Discharges 001, 002, and 003)

1. The discharge of wastewater to the Sacramento River in excess of the following limits is prohibited:

Constituent	Unit	Average Monthly Effluent Limit (AMEL)	Maximum Daily Effluent Limit (MDEL)
Settleable Solids	mL/L	0.1	0.2
Lead (Total Recoverable)	Ug/L	11.1	34.5

6. Table 1 details violations reported in the monitoring reports submitted to the Regional Water Board by Sierra Pacific Industries, Anderson Division.
