CENTRAL VALLEY REGION

ADMINISTRATIVE CIVIL LIABILITY COMPLAINT R5-2014-0555

MANDATORY PENALTY  
IN THE MATTER OF

CITY OF YUBA CITY  
WASTEWATER TREATMENT PLANT  
SUTTER COUNTY

This Complaint is issued to the City of Yuba City (hereafter Discharger) pursuant to California Water Code (Water Code) section 13385, which authorizes the imposition of Administrative Civil Liability, Water Code section 13323, which authorizes the Executive Officer to issue this Complaint and Water Code section 7, which authorizes the delegation of the Executive Officer's authority to a deputy, in this case the Assistant Executive Officer. This Complaint is based on allegations that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Orders R5-2007-0134-01 and R5-2013-0094 (NPDES No. CA0079260).

The Assistant Executive Officer of the Central Valley Regional Water Quality Control Board (Central Valley Water Board or Board) alleges the following:

1. The Discharger owns and operates a wastewater collection, treatment, and disposal system, which provides sewerage service to Yuba City and accepts septage from unsewered portions of Sutter and Yuba Counties. Treated municipal and industrial wastewater is discharged to the Feather River and to disposal ponds within the floodplain of the Feather River, a water of the United States.
2. On 25 October 2007, effective 14 December 2007, the Central Valley Water Board issued WDRs Order R5-2007-0134, which contained new requirements and rescinded WDRs Order R5-2003-0085, except for enforcement purposes. On 28 January 2010, the Board issued amended Order R5-2007-0134-01, revising effluent limitations for aluminum and diazinon. On 25 July 2013, the Board adopted Order R5-2013-0094 and rescinded WDRs R5-2007-0134 except for enforcement purposes. WDRs R5-2013-0094 became effective on 13 September 2013.
3. On 26 April 2013, the Executive Officer of the Central Valley Water Board issued Administrative Civil Liability Complaint (ACLC) R5-2013-0530 for mandatory minimum penalties for effluent violations from 1 March 2011 through 31 December 2012. The Discharger paid the civil liability and the Board considers those effluent violations specifically listed in Attachment A to ACLC R5-2013-0530 to be resolved.
4. This Complaint addresses administrative civil liability for effluent violations that occurred during the period from 1 January 2013 through 31 March 2014. These violations are specifically identified in Attachment A to this Complaint as subject to mandatory minimum penalties. Attachment A to this Complaint is attached hereto and incorporated herein by this reference.

5. On 6 June 2014, Central Valley Water Board staff issued the Discharger a Notice of Violation and draft Record of Violations for effluent limitation violations from 1 January 2013 through 31 March 2014. On 21 July 2014, the Discharger responded and agreed with the violations.
6. Water Code section 13385(h) and (i) require assessment of mandatory penalties and state, in part, the following:

Water Code section 13385(h)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each serious violation.

Water Code section 13385 (h)(2) states:

For the purposes of this section, a "serious violation" means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

Water Code section 13385 subdivision (i)(1) states, in part:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

- A) Violates a waste discharge requirement effluent limitation.
- B) Fails to file a report pursuant to Section 13260.
- C) Files an incomplete report pursuant to Section 13260.
- D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

7. Water Code section 13323 states, in part:

Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

8. WDRs Order R5-2013-0094 Effluent Limitations IV.A.1.a., include, in part, the following effluent limitations:
  - a. The Discharger shall maintain compliance with the following effluent limitations...

Parameter	Units	Effluent Limitations	
		Instantaneous Minimum	Maximum Daily
Settleable Solids	ml/L	-	0.2
pH	Std. Unit	6.5	-

9. WDRs Order R5-2013-0094 Effluent Limitations IV.A.1.d., include, in part, the following effluent limitations:
- f. Total Residual Chlorine: Effluent total residual chlorine shall not exceed:
    - 0.011 mg/L as a 4-day average; and
    - 0.019 mg/L as a 1-hour average
10. According to the Discharger's self-monitoring reports, the Discharger committed five (5) serious Group I violations of the above effluent limitations contained in WDRs Order R5-2013-0094, as shown in Attachment A. These violations are defined as serious because measured concentrations of Group I constituents exceeded maximum prescribed levels in WDRs Order R5-2013-0094 by 40 percent or more. The mandatory minimum penalty for these serious violations is **fifteen thousand dollars (\$15,000)**.
11. According to the Discharger's self-monitoring reports, the Discharger committed four (4) serious Group II violations of the above effluent limitations contained in WDRs Order R5-2013-0094, as shown in Attachment A. These violations are defined as serious because measured concentrations of Group II constituents exceeded maximum prescribed levels in WDRs Order R5-2013-0094 by 20 percent or more. The mandatory minimum penalty for these serious violations is **twelve thousand dollars (\$12,000)**.
12. According to the Discharger's self-monitoring reports, the Discharger committed one (1) non-serious violation of the above effluent limitations contained in Order R5-2013-0094. This non-serious violation is subject to mandatory penalties under Water Code section 13385 subdivision (i)(1) because the violation was preceded by three or more similar violations within a six-month period. The mandatory minimum penalty for this non-serious violation is **three thousand dollars (\$3,000)**.
13. The total amount of the mandatory penalties assessed for the alleged effluent violations is **thirty thousand dollars (\$30,000)**. As stated herein, a detailed list of the alleged effluent violations is included in Attachment A. This Complaint addresses administrative civil liability for violations that are specifically identified in Attachment A as subject to mandatory minimum penalties.
14. On 14 February 2014, the Executive Officer designated Andrew Altevogt, Assistant Executive Officer, as the Lead Prosecution Officer for all enforcement matters originating in the Central Valley Region. The 14 February 2014 Delegation of Authority also authorizes Andrew Altevogt to issue Administrative Civil Liability Complaints.

15. Issuance of this Administrative Civil Liability Complaint to enforce Water Code Division 7, Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act (Pub. Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321(a)(2).

**CITY OF YUBA CITY IS HEREBY GIVEN NOTICE THAT:**

1. The Assistant Executive Officer of the Central Valley Water Board proposes that the Discharger be assessed an Administrative Civil Liability in the amount of **thirty thousand dollars (\$30,000)**.
2. A hearing on this matter will be held at the Central Valley Water Board meeting scheduled on **4/5 December 2014**, unless the Discharger does one of the following by **8 October 2014**:

4. If this matter proceeds to hearing, the Assistant Executive Officer reserves the right to amend the proposed amount of civil liability to conform to the evidence presented, including but not limited to, increasing the proposed amount to account for the costs of enforcement (including staff, legal and expert witness costs) incurred after the date of the issuance of this Complaint through completion of the hearing.

FOR ADMINISTRATIVE CIVIL LIABILITY COMPLAINT**

By signing this waiver, I affirm and acknowledge the following:

I am duly authorized to represent the City of Yuba City (hereafter Discharger) in connection with Administrative Civil Liability Complaint R5-2014-0555 (hereafter Complaint). I am informed that California Water Code section 13323, subdivision (b), states that, "a hearing before the regional board shall be conducted within 90 days after the party has been served. **(OPTION 1: Check here if the Discharger waives the hearing requirement and will pay in full.)**

- a. I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board.
- b. I certify that the Discharger will remit payment for the proposed civil liability in the full amount of **thirty thousand dollars (\$30,000)** by check that references "ACL Complaint R5-2014-0555" made payable to the *State Water Pollution Cleanup and Abatement Account*. Payment must be received by the State Water Resources Control Board, Accounting Office, Attn: ACL Payment at PO Box 1888, Sacramento, California, 95812-1888 by **8 October 2014**. Should the Central Valley Water Board receive significant new information or comments during this comment period, the Central Valley Water Board's Executive Officer may withdraw the complaint, return payment, and issue a new complaint. I also understand that approval of the settlement will result in the Discharger having waived the right to contest the allegations in the Complaint and the imposition of civil liability.
- d. I understand that payment of the above amount is not a substitute for compliance with applicable laws and that continuing violations of the type alleged in the Complaint may subject the Discharger to further enforcement, including additional civil liability.

**(OPTION 2: Check here if the Discharger waives the 90-day hearing requirement in order to engage in settlement discussions.)** I hereby waive any right the Discharger may have to a hearing before the Central Valley Water Board within 90 days after service of the complaint, but I reserve the ability to request a hearing in the future. I certify that the Discharger will promptly engage the Central Valley Water Board Prosecution Team in settlement discussions to attempt to resolve the outstanding violation(s).
