Hello Sue,

I know your time is valuable so I will be brief. The Rubicon Trail means a great deal to me, my family, and the nine other family's in our group that camp and 4wheel there every year many times. We have 3 things that always take place. Stay on the trail, Eat lots of food, and pack your trash. Trash also means our human waste. One of my friends son's, who is 6 yrs old, is our trash leader! The whole trip that's his job, and he takes it very serious, even telling other vehicle's if they lose trash to STOP and pick it up, it's so funny he's very determined. We are just a small group of the hundreds that enjoy the unique experience up there. We work hard to keep trails like the Rubicon open and will continue to work hard in the future. Thanks for your time and patience, it's much appreciated.

Sincerely,  
Jason Gonzales
