Subject: Rubicon trail

I've enjoyed the Sierra mountains since moving as a teenage to the bay area in the 60's. I'm an Eagle scout and at an early age learned the importance of preserving our out doors. As my children grew in age they also learned to enjoy the outdoors.

We have learned that not all people clean up after them selves but take pride in seeing the outdoors cleaner than when we arrived by removing heaps of garbage.

Twice I've used a traileed to remove large sums of trash.

I've owned several off road vehicles since the 80's and my kids own off road vehicles. We would be deeply hurt if the outdoors as in the Rubicon Trail were closed at anytime during the year.
