Oroville Landfill Properties, Oroville Landfill Properties LLC, Jack M. Steebles LLC, Carol Ann Seidenglanz LLC, and Steven Conn Seidenglanz LLC (hereafter Dischargers) own the Oroville Landfill Properties Class III Wood Waste Landfill in Oroville, Butte County. The landfill consists of three unlined waste management units (Units) covering approximately 27.5 acres of the 105 acre site. The two largest Units contain approximately 401,500 cubic yards of wood waste and cover material, while the smaller Unit contains approximately 27,600 cubic yards of ash from a wood-fired co-generation facility. This landfill was formally owned and operated by Louisiana-Pacific Corporation. The Dischargers purchased the landfill in September 2002, but never disposed of any waste at the site. The Dischargers have proposed clean-closure of the three Units with recovered materials used as a soil amendment and co-generation fuel. The landfill currently operates under Waste Discharge Requirements Order No. R5-2007-0042. Order No. R5-2007-0042 is being revised to allow for clean-closure of the existing Units.
