Tentative Waste Discharge Requirements (WDRs)/NPDES permit and a Rescission of Time Schedule Order (TSO) (enclosed) for the City of Merced, Wastewater Treatment Facility are available for public comment, as explained in the enclosed Notice of Public Hearing. To conserve resources, a paper copy of the tentative WDRs/NPDES permit and rescission of TSO is being sent to the Discharger only. The tentative WDRs/NPDES permit, rescission of TSO, and any additional information are available electronically on the Central Valley Regional Water Quality Control Board's (Central Valley Water Board) web site at:

The Central Valley Water Board has not reviewed or made any decision concerning the tentative WDRs/NPDES permit or rescission of TSO, which may still be revised following the comment period. Revised documents along with comments and the staff responses will be posted on the above web site and placed in the Central Valley Water Board meeting agenda. appropriate oral testimony at the scheduled public hearing. The Central Valley Water Board may elect to adopt WDRs/NPDES permit or rescission of TSO that differ from the recommended WDRs/NPDES permit or rescission of TSO and may do so without another public comment period if determined to be consistent with applicable laws and regulations.
