

ITEM: 6

SUBJECT: Budgetary Processing and Control, Presentation by State Board Staff

BOARD ACTION: *Informational Item Only*

BACKGROUND: The Water Board budget is adopted by the legislature and signed by the Governor. The State Water Board divides the appropriated funds between the various State Board Offices and Divisions, and the nine regional water boards.

Several significant changes have been made by the State Board over the past few years on how budget funds are dispersed and tracked. State Board staff will explain these changes and how the current budgetary system functions.

ISSUES:

RECOMMENDATION This is an informational item only. No action needs to be taken.
