Narrative: During the month of May I conducted several overflights in Shasta County for large marijuana grows. I located a parcel of land off Baker Ridge Road near the town of Ono. The land had been cleared and materials to start a marijuana grow were at the property. The responsible at this site had cleared a large amount of dirt and used a bulldozer to make roads over numerous drainages and hillsides. Two large clearings had been made with four large green water tanks was located at the north end of the top lot. The lower lot had wooden boxes layed out in rows for soil and the plants.

I took photos of the area for an investigation due to the fact that this was the second year of growing marijuana at the property. 6-24-14 members of the Sheriff's Office and County Planning Dept. responded to the location for an investigation. Pelote was also aware of the property and had authored an inspection warrant. Upon arrival at the location no one was home and from the visible evidence I could see, the growing of the marijuana plants did not fall under any of the 11358 H&S statutes. According to Pelote the responsible was in violation of the County Ordinances for growing marijuana. The site had no permitted dwelling, there was no fence around the marijuana plants and the size of the grow site was over the established County Ordinance. The plants were eradicated and left at the site. The total count of plants was 66 growing marijuana plants.

I took photographs of the location, a ten pound sample of plants and 5 random leaf samples. A notice of the violations from County Planning Dept along with a cover sheet indicating that the Sheriff's Office had eradicated the plants was left on the mtohome under the windshield wipers.
