NOTICE OF PUBLIC HEARING
concerning

**RENEWAL OF WASTE DISCHARGE REQUIREMENTS
(NPDES PERMIT NO. CA0004995)
FOR
CITY OF CORNING
WASTEWATER TREATMENT PLANT
TEHAMA COUNTY**

The City of Corning (Discharger) owns the Corning Wastewater Treatment Plant (Facility) that is contract operated by Severn Trent Services. The Facility is located in the City of Corning, Tehama County, and provides secondary level treatment of municipal wastewater. Treatment consists of influent screening, activated sludge treatment with secondary clarification, chlorination, and dechlorination. Final disposal of treated wastewater is to a single outfall diffuser located within the Sacramento River south east of the Facility. The discharge is regulated under an existing National Pollutant Discharge Elimination System (NPDES) permit. The Discharger submitted a Report of Waste Discharge and requested renewal of the existing NPDES permit. Staff recommends the Central Valley Water Board adopt the tentative NPDES permit to regulate discharge from the Facility.
