CENTRAL VALLEY REGION

ADMINISTRATIVE CIVIL LIABILITY COMPLAINT R5-2011-0532

MANDATORY PENALTY  
IN THE MATTER OF

NEVADA COUNTY SANITATION DISTRICT NO. 1  
LAKE WILDWOOD WASTEWATER TREATMENT PLANT  
NEVADA COUNTY

This Complaint is issued to the Nevada County Sanitation District No. 1, Lake Wildwood (hereafter Discharger) pursuant to California Water Code (CWC) section 13385, which authorizes the imposition of Administrative Civil Liability, and CWC section 13323, which authorizes the Executive Officer to issue this Complaint. This Complaint is based on findings that the Discharger violated provisions of Waste Discharge Requirements (WDRs) Orders R5-2002-0093 and R5-2009-0004 (NPDES No. CA0077828).

The Executive Officer of the Central Valley Regional Water Quality Control Board (Central Valley Water Board or Board) finds the following:

1. The Discharger owns and operates a wastewater collection, treatment, and disposal system, and provides sewerage service to the Lake Wildwood and Wildwood Estates Subdivisions. Treated municipal wastewater is discharged to Deer Creek which is tributary to the Yuba River.
2. On 7 June 2002, the Regional Water Board adopted WDRs Order No. R5-2002-0093, which contained new regulations and rescinded Order No. 95-115. On 7 June 2002, the Board also adopted Cease and Desist Order (CDO) R5-2002-0094. On 5 February 2009, effective 27 March 2009, the Board issued WDRs Order R5-2009-0004, which contained new requirements and rescinded WDRs Order R5-2002-0093, except for enforcement purposes. On 5 February 2009, the Board also issued Time Schedule Order (TSO) R5-2009-0005 and rescinded CDO R5-2002-0094. TSO R5-2009-0005 provides a time schedule to comply with final effluent limitations for dibromochloromethane and dichlorobromomethane by 30 January 2013 and also establishes interim effluent limitations for these constituents.
3. On 23 July 2009, the Executive Officer of the Central Valley Water Board issued Administrative Civil Liability Order (ACLO) R5-2009-0553 for mandatory minimum penalties for effluent violations (identified in Attachment A to ACLO R5-2009-0553) that occurred from 1 January 2000 through 31 December 2007. The Discharger paid a portion of the civil liability and is completing a Supplemental Environmental Project in lieu of paying the remainder of the civil liability.
4. This Complaint addresses administrative civil liability for effluent violations that occurred during the period from 1 January 2008 through 30 November 2010. These violations are specifically identified in Attachment A to this Complaint as subject to mandatory minimum

penalties. Attachment A to this Complaint is attached hereto and incorporated herein by this reference.

5. On 24 January 2011, Central Valley Water Board staff issued the Discharger a draft Record of Violations. On 9 February 2011, the Discharger responded that it agreed with the violations and proposed applying the penalty to an existing supplemental environmental project.
6. CWC sections 13385(h) and (i) require assessment of mandatory penalties and state, in part, the following:

CWC section 13385(h)(1) states:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each serious violation.

CWC section 13385 (h)(2) states:

For the purposes of this section, a "serious violation" means any waste discharge that violates the effluent limitations contained in the applicable waste discharge requirements for a Group II pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 20 percent or more or for a Group I pollutant, as specified in Appendix A to Section 123.45 of Title 40 of the Code of Federal Regulations, by 40 percent or more.

CWC section 13385 subdivision (i)(1) states, in part:

Notwithstanding any other provision of this division, and except as provided in subdivisions (j), (k), and (l), a mandatory minimum penalty of three thousand dollars (\$3,000) shall be assessed for each violation whenever the person does any of the following four or more times in any period of six consecutive months, except that the requirement to assess the mandatory minimum penalty shall not be applicable to the first three violations:

- A) Violates a waste discharge requirement effluent limitation.
- B) Fails to file a report pursuant to Section 13260.
- C) Files an incomplete report pursuant to Section 13260.
- D) Violates a toxicity effluent limitation contained in the applicable waste discharge requirements where the waste discharge requirements do not contain pollutant-specific effluent limitations for toxic pollutants.

7. CWC section 13323 states, in part:

Any executive officer of a regional board may issue a complaint to any person on whom administrative civil liability may be imposed pursuant to this article. The complaint shall allege the act or failure to act that constitutes a violation of law, the provision authorizing civil liability to be imposed pursuant to this article, and the proposed civil liability.

8. WDRs Order No. R5-2002-0093 Effluent Limitations No. B.5. requires that

The discharge shall not have a pH less than 6.5 nor greater than 8.5.

9. WDRs Order R5-2009-0004 Final Effluent Limitations IV.A.1.a., include, in part, the following effluent limitations:

a. The Discharger shall maintain compliance with the effluent limitations specified in Table 6:

**Table 6. Effluent Limitations**

Parameter	Units	Effluent Limitations				
		Average Monthly	Average Weekly	Maximum Daily	Instantaneous Minimum	Instantaneous Maximum
pH	Standard units	--	--	-	6.5	8.0

10. WDRs Order R5-2009-0004 Final Effluent Limitations IV.A.1.d., include, in part, the following effluent limitations:

d. **Total Residual Chlorine.** Effluent total residual chlorine shall not exceed:

- i. 0.01 mg/L, as a 4-day average; and
- ii. 0.02 mg/L, as a 1-hour average.

11. According to the Discharger's self-monitoring reports, the Discharger committed two (2) serious Group II violations of the above effluent limitations contained in WDRs Orders R5-2002-0093 and R5-2009-0004 during the period beginning 1 January 2008 and ending 30 November 2010 as identified in Attachment A. These violations are defined as serious because measured concentrations of Group II constituents exceeded maximum prescribed levels in WDRs Orders R5-2002-0093 and R5-2009-0004 by 20 percent or more. The mandatory minimum penalty for these serious violations is **six thousand dollars (\$6,000)**.
12. According to the Discharger's self-monitoring reports, the Discharger committed two (2) non-serious violations of the above effluent limitations contained in Orders R5-2002-0093 and R5-2009-0004 during the period beginning 1 January 2008 and ending 30 November 2010 as identified in Attachment A. The non-serious violations are not subject to mandatory penalties under CWC section 13385 subdivision (i)(1) because these violations were not preceded by three or more similar violations within a six-month period.
13. The total amount of the mandatory penalties assessed for the cited effluent violations is **six thousand dollars (\$6,000)**. As stated herein, a detailed list of the cited effluent violations is included in Attachment A. This Complaint addresses administrative civil liability for violations that are specifically identified in Attachment A as subject to mandatory minimum penalties.
14. Issuance of this Administrative Civil Liability Complaint to enforce CWC Division 7, Chapter 5.5 is exempt from the provisions of the California Environmental Quality Act

(Pub. Resources Code section 21000 et seq.), in accordance with California Code of Regulations, title 14, section 15321(a)(2).

**THE DISCHARGER IS HEREBY GIVEN NOTICE THAT:**

1. The Executive Officer of the Central Valley Water Board proposes that the Discharger be assessed an Administrative Civil Liability in the amount of **six thousand dollars (\$6,000)**.
2. A hearing on this matter will be held at the Central Valley Water Board meeting scheduled on **8/9/10 June 2011**, unless the Discharger does one of the following by **13 April 2011**:
  - a) Waives the hearing by completing the attached form (checking off the box next to Option 1) and returning it to the Central Valley Water Board, along with payment for the proposed civil liability of **six thousand dollars (\$6,000)**; or
  - b) The Central Valley Water Board agrees to postpone any necessary hearing after the Discharger requests to engage in settlement discussions by checking off the box next to Option #2 on the attached form, and returns it to the Board along with a letter describing the issues to be discussed; or
  - c) The Central Valley Water Board agrees to postpone any necessary hearing after the Discharger requests a delay by checking off the box next to Option #3 on the attached form, and returns it to the Board along with a letter describing the issues to be discussed.
3. If a hearing on this matter is held, the Central Valley Water Board will consider whether to affirm, reject, or modify the proposed Administrative Civil Liability, or whether to refer the matter to the Attorney General for recovery of judicial civil liability.
4. If this matter proceeds to hearing, the Executive Officer reserves the right to amend the proposed amount of civil liability to conform to the evidence presented, including but not limited to, increasing the proposed amount to account for the costs of enforcement (including staff, legal and expert witness costs) incurred after the date of the issuance of this Complaint through completion of the hearing.
