

## **Concise Summary of Regulatory Provisions**

### TITLE 23. Waters

#### Division 4. Regional Water Quality Control Boards

#### Chapter 1. Water Quality Control Plans, Policies, and Guidelines

#### Article 7. Colorado River Basin Region

The following section 3960 is to be amended in Title 23 of the California Code of Regulations:

#### Section 3960. Water Quality Control Plans.

On January 20, 2011, the Regional Water Quality Control Board, Colorado River Basin Region (Colorado River Basin Water Board), adopted Resolution No. R7-2011-0015, amending the Water Quality Control Plan for the Colorado River Basin Region (Basin Plan). On December 6, 2011, the State Water Resources Control Board (State Water Board) approved the amendment pursuant to Resolution No. 2011-0063.

Resolution No. R7-2011-0015 amends the Basin Plan by updating outdated information, figures, and water quality objective tables; correcting typographical errors; clarifying ambiguities; and making the Basin Plan consistent with laws and regulations that took effect after 1994 when the last Basin Plan update was formally approved by the State Water Board and the Office of Administrative Law.

Both the Colorado River Basin Water Board and the State Water Board determined that the Basin Plan amendment would not have a significant effect on the environment.
