Project Description:

The Applicant proposes to install ornamental turf within a 1,771 linear foot segment of the Whitewater River Channel, a regional conveyance system managed by the Coachella Valley Water District, adjacent to the Toscana Country Club. The Applicant also proposes to install a buried permanent irrigation system, construct a low-flow concrete pilot channel along the center-line of the Whitewater River Channel and construct one concrete maintenance access ramp from the channel bottom to maintenance road along the top of the channel. A buried domestic water pipeline will also be installed in a second jurisdictional area (Drainage B). Drainage B conducts nuisance flows and storm flows from an existing offsite residential development located immediately southwest of the Whitewater River Channel.
