Project Name:

Union Pacific Railroad - Milepost (MP) 662.96 Improvement Project, WDID No. 7A133103001

Receiving Water:

Ephemeral, unnamed drainage, tributary to the Salton Sea.

Location:

City or area: Wister, Imperial County, California
Longitude/ Latitude: 33°16'46"N/ 115°34'25"W
Township/Range: T 10 S/ R 13 E/Section 24

Project Description:

Union Pacific Railroad (UPRR) plans to install a bridge near the town of Wister in Imperial County, California. The bridge has been sized to meet or exceed the required conveyance capacity, based on a review of the 50-year and 100-year flood events, and will accommodate a future second mainline track.

UPRR will install a two-span bridge at MP 662.96. The bridge will be 60 feet long and span the width of the existing channel to accommodate future storm events and uphold a future second mainline track. The bridge will be made of prestressed concrete box beams (PCB). Riprap will be placed upstream and downstream of the new bridge. Engineering drawings are attached to this application.

Action:

Pending
