

**48-HOUR NOTIFICATION FORM FOR TECHNICALLY-CONDITIONED WATER QUALITY
CERTIFICATION REGIONAL GENERAL PERMIT 63 FOR REPAIR AND PROTECTION
ACTIVITIES IN EMERGENCY SITUATIONS (RGP 63)**

Instructions for Attachment C

The prospective permittee must notify the State Water Board and the applicable Regional Water Board at least 48 hours prior to initiating the emergency project, if feasible. Feasibility is to be determined by the State Water Board or the applicable Regional Water Board. This notification must be followed within three (3) business days by submission of all of the information in the 48-hour emergency notification form, provided in **Attachment C**.

The Water Boards recognize there may be situations where imminent threats to life or property occur and the applicant has not received a notice to proceed. If immediate, specific actions, as defined in the California Code of Regulations, Title 14, section 15269(c), are required by an applicant and prior notice to the State Water Board and the applicable Regional Water Board is not possible, then the applicant must contact the State Water Board and the applicable Regional Water Board within one (1) business day of the action. As provided above, this notification must be followed within three (3) business days by submission of all of the information in the 48-hour emergency notification form, provided in **Attachment C**

Notification may be via telephone, facsimile, e-mail, delivered written notice, or other verifiable means.

- A staff directory that includes contact information for the State and Regional Water Boards is found at:
http://www.waterboards.ca.gov/water_issues/programs/cwa401/docs/staffdirectory.pdf
- For State Water Board, fax to (916) 341-5584 (Atten: DWQ 401 Unit), or leave a message at (916) 341-5506 (Regulatory Office).
- For Regional Water Board map boundaries, see
<http://maps.waterboards.ca.gov/webmap/rbound.html>

I. Owner of the Land

Name City of Temecula				
Mailing Address P.O. Box 9033				
City Temecula	County Riverside	State CA	Zip 92589	Phone 951.694.6411
Contact Person Jon Salazar				

II. Discharger (if different from owner of the land)

Name				
Mailing Address				
City	County	State	Zip	Phone
Contact Person				

III. Site Location

Street (including address, if any) 43550 John Warner Road	
Nearest cross street(s) Cabrillo Avenue	
County: Riverside	Approximate size of site (acres): 0.02 acre
Map attached? Yes <input checked="" type="checkbox"/> No <input type="checkbox"/>	
Photos attached? Yes <input type="checkbox"/> No <input checked="" type="checkbox"/>	

IV. Discharge Information

Subject	Notes
Name(s) and type(s) of receiving waters:	Murrieta Creek
Project description:	Accumulation of excess sand and silt in desilting basin, leading to diminished capacity, danger of overtopping, and flooding property below in a major storm event.
	Removal from roadside drainage channel of accumulated sand/silt and transport to stockpile area
Description of how Emergency Definition is satisfied. (i.e., unexpected; potential loss of life or property)	Unexpected, rapid accumulation of large quantities of sand/silt due to abnormally high rainfall totals, posed potential for major property damage in areas downstream

Attachment C

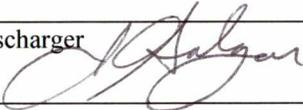

Exemption Criteria	Which of these criteria does the project satisfy? (Circle one or more)	<p>a. Projects to maintain, repair, restore, demolish, or replace property or facilities damaged or destroyed as a result of a disaster in a disaster stricken area in which a state of emergency has been proclaimed by the Governor pursuant to the California Emergency Services Act, commencing with section 8550 of the Government Code.</p> <p>b. Emergency repairs to publicly or privately owned service facilities necessary to maintain service essential to the public health, safety, or welfare.</p> <p>c. Specific actions necessary to prevent or mitigate an emergency. This does not include long-term projects undertaken for the purpose of preventing or mitigating a situation that has a low probability of occurrence in the short-term.</p> <p>d. Projects undertaken, carried out, or approved by a public agency to maintain, repair, or restore an existing highway damaged by fire, flood, storm, earthquake, land subsidence, gradual earth movement, or landslide, provided that the project is within the existing right of way of that highway and is initiated within one year of the damage occurring. This does not apply to highways designated as official State scenic highways, nor any project undertaken, carried out, or approved by a public agency to expand or widen a highway damaged by fire, flood, storm, earthquake, land subsidence, gradual earth movement, or landslide.</p> <p>e. Seismic work on highways and bridges pursuant to section 180.2 of the Streets and Highways Code, section 180 et seq</p>
--------------------	---	---

Fill and Excavation Discharges: For each water body type listed below indicate in ACRES the area of the estimated discharge to waters of the state, and identify the impact(s) as permanent and/or temporary. For linear discharges to drainage features and shorelines, e.g., bank stabilization, revetment, and channelization projects, ALSO specify the length of the proposed discharge to waters of the state IN FEET. For dredging activity, indicate total amount of dredged material for the project in cubic yards under permanent impacts.

Water Body Type	Permanent Impact			Temporary Impact	
	Acres	Linear Feet	Cubic Yards	Acres	Linear Feet
Wetland					
Streambed					
Lake/Reservoir					
Ocean/Estuary/Bay					
Riparian					

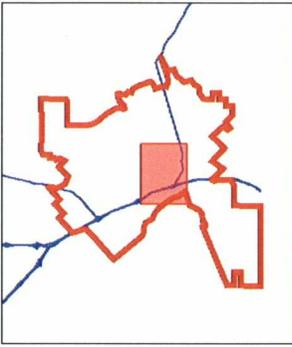

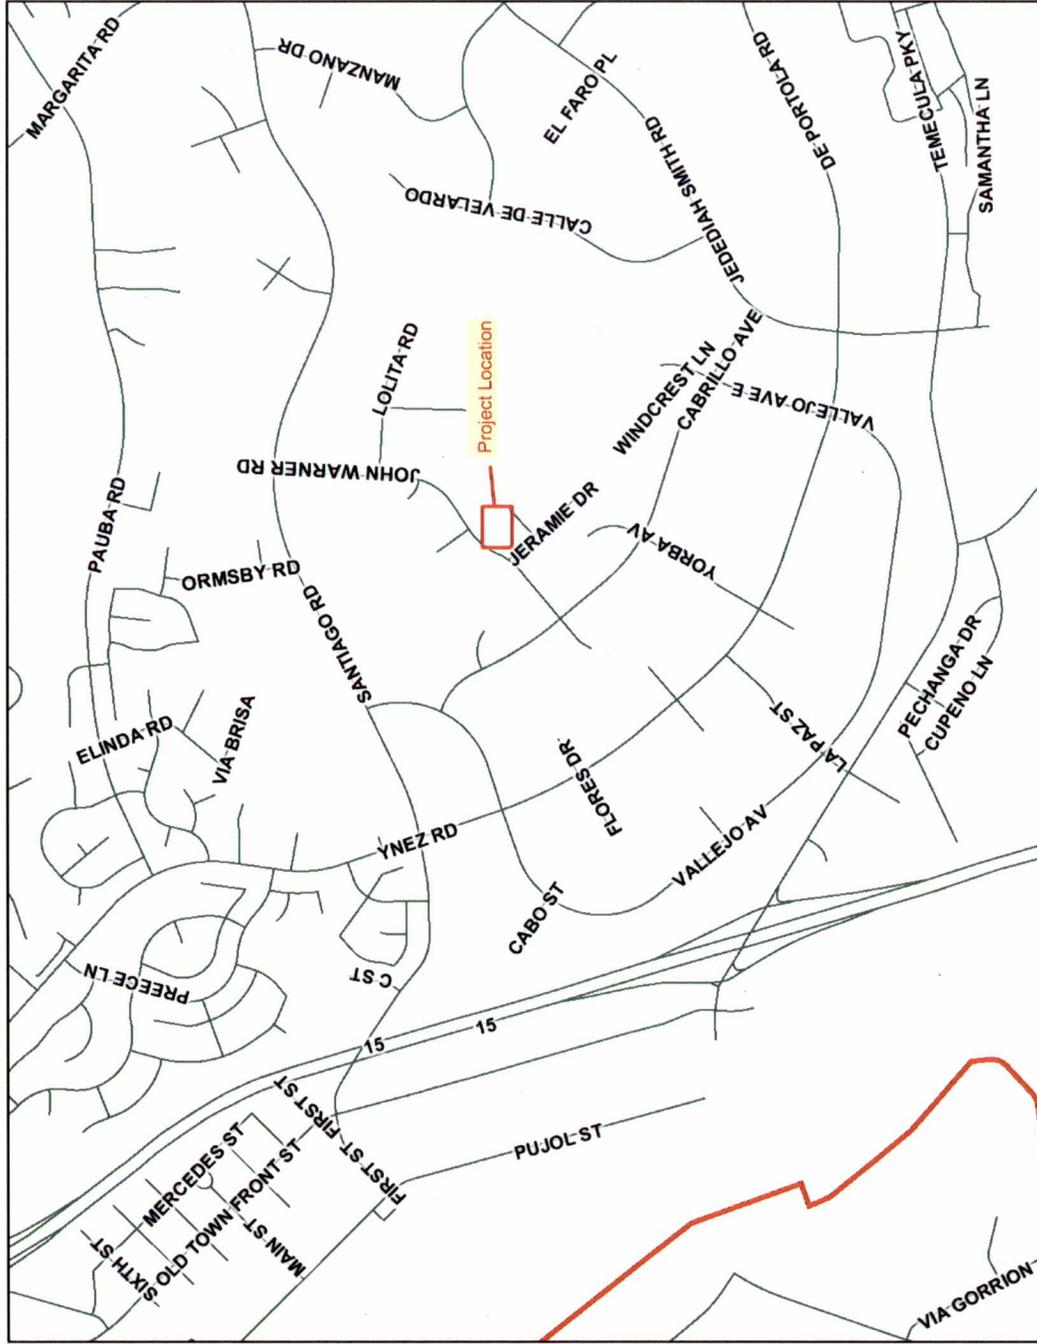

V. CERTIFICATION

“I certify under penalty of law that this document and all attachments were prepared under my direction and supervision in accordance with a system designed to assure that qualified personnel properly gather and evaluate the information submitted. Based on my inquiry of the person or persons who manage the system, or those persons directly responsible for gathering the information, the information submitted is, to the best of my knowledge and belief, true, accurate, and complete. I am aware that there are significant penalties for submitting false information, including the possibility of fine and imprisonment. In addition, I certify that the provisions of these General WDRs will be complied with.”

Signature of Discharger 	Title Associate Engineer
Printed or Typed Name Jon Salazar	Date March 29, 2011
